

Illinois Environmental Protection Agency

Notice of Public Comment Period for the
Proposed Issuance of a Construction Permit to
Graphic Packaging International, Inc. in Carol Stream

Graphic Packaging International, Inc. has applied for a permit from the Illinois Environmental Protection Agency (Illinois EPA) to construct two new printing presses at its facility located at 400 East North Ave. in Carol Stream. Taking into account contemporaneous emission increases and decreases at the facility, the project would not be a major project for purposes of the state rules for Major Stationary Sources Construction and Modification (MSSCAM), 35 IAC Part 203.

Based on its review of the application, the Illinois EPA has made a preliminary determination that this project will comply with the applicable environmental regulations and has prepared a draft permit for public review.

The Illinois EPA is accepting comments prior to making a final decision on the application for this project. **Comments must be postmarked by midnight November 18, 2009.** If sufficient interest is expressed in this matter, a hearing may be held. Comments, questions and requests for information, should be directed to Brad Frost, Bureau of Air, Illinois EPA, P. O. Box 19506, Springfield, IL 62794-9506, phone 217/782-2113, TDD 217/782-9143.

Persons wanting more information may view the draft permit and project summary at <http://www.epa.gov/region5/air/permits/epermits.html> . These documents and the application may also be viewed at the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 and 1340 N. Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.
