

Illinois Environmental Protection Agency

Public Notice

Proposed Issuance of a Clean Air Act Permit Program Permit to
AISIN Manufacturing of Illinois, LLC in Marion

AISIN Manufacturing of Illinois, LLC has requested a Clean Air Act Permit Program (CAAPP) permit from the Illinois Environmental Protection Agency (Illinois EPA) to regulate air emissions from its automotive parts coating facility located at 11000 Redco Drive in Marion.

The Illinois EPA is accepting comments on the draft permit. Comments must be postmarked by midnight May 26, 2006. If sufficient interest is expressed in a permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.

Persons wanting more information may obtain copies of the draft permit and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, Title V, New). These documents and the application are available at the Illinois EPA's offices at 2309 W. Main, Marion, 618/993-7200 and 1340 North Ninth St., Springfield, 217/782-7027 (for either location, please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

The CAAPP is Illinois' operating permit program for major sources of emissions, as required by Title V of the Clean Air Act. The conditions of CAAPP permits are enforceable by the public, as well as by the USEPA and Illinois. CAAPP permits may contain new and revised conditions established under permit programs for new and modified emission units, pursuant to Title I of the federal Clean Air Act, thereby making them combined Title V and Title I permits.
