

## Public Notice

### Proposed Issuance of a Construction Permit and Revision of the Operating Permit for American Litho, Inc. in Carol Stream

American Litho, Inc. has applied for a construction permit from the Illinois Environmental Protection Agency (Illinois EPA) to construct a new lithographic printing press with dryer at its facility located at 160 East Elk Trail in Carol Stream. Emissions from the new press would be controlled by an existing thermal oxidizer that would be upgraded as part of this permit action. The modification would entail an increase in volatile organic material (VOM) emissions, however as proposed will not constitute a major modification, i.e., a significant increase in air emissions, as defined by the federal Prevention of Significant Deterioration (PSD) rules, 40 CFR 52.21 or the state rules 35 IAC 203: Major Stationary Source Construction and Modification. The Illinois EPA is also proposing to revise the current operating permit for the facility to allow operation of the new press.

The Illinois EPA is accepting comments prior to making a final decision on the draft permits.

Persons wanting more information may obtain copies of the draft permits, and project summary at [www.epa.gov/region5/air/permits/ilonline.htm](http://www.epa.gov/region5/air/permits/ilonline.htm) (please look under All Permit Records, State Construction Permit, New). These documents and the application can also be obtained from the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 and 1340 North Ninth St., Springfield, 217/782-7027 (for either location please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

The Illinois EPA is accepting comments prior to making a final decision on the draft permits. Comments must be postmarked by midnight November 8, 2004. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
