

Public Notice  
Proposed Revision to the State Joint Construction and Operating Permit for  
Wheatland Tube Company, Chicago Division

Wheatland Tube Company has applied to the Illinois Environmental Protection Agency (Illinois EPA) to revise its joint construction and operating permit to allow the use of very-low volatile organic material content coatings on Mill #3 without altering its annual VOM limit at its facility located at 2300 West 47<sup>th</sup> Street in Chicago. The Illinois EPA is accepting comments prior to making a final decision on the revision.

Persons wanting more information may obtain copies of the draft permit, and project summary at [www.epa.gov/region5/air/permits/ilonline.htm](http://www.epa.gov/region5/air/permits/ilonline.htm) (please look under All Permit Records, State Joint Construction and Operating Permit, Revision). These documents and the application can also be obtained from the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 and 1340 North Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

Comments are requested on the proposed issuance of the permit. Comments must be postmarked by midnight May 25, 2001. If sufficient interest is expressed in the permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
