Proposed Issuance of a Construction Permit to
Quebecor World, Chicago Division in Elk Grove Village

Quebecor World, Chicago Division has applied to the Illinois Environmental Protection Agency (Illinois EPA) for a permit to construct a printing press at its facility located at 2000 Arthur Avenue in Elk Grove Village. The new construction would be a significant modification to a major source in a non-attainment area. The new construction would be subject to 35 Illinois Administrative Code 203: Major Stationary Sources Construction and Modification. The new construction must meet Lowest Achievable Emission Rate. The company must also obtain 42.77 tons of VOM offsets, which is 1.3 tons of offsets for every one ton of new emissions from the printing press. The Illinois EPA is accepting comments prior to making a final decision on this project.

Persons wanting more information may obtain copies of the draft permit, and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, PSD, New). These documents and the application can also be obtained from the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 (please call ahead to assure that someone will be available to assist you) and 1340 North Ninth St., Springfield, 217/782-7027. Copies of the documents will be made available upon request.

Comments are requested on the proposed issuance of the permit. Comments must be postmarked by midnight February 16, 2001. If sufficient interest is expressed in the permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
