

Public Notice
Proposed Issuance of a Joint Construction and Operating Permit
to Wood River Refinery in Roxana

The Wood River Refinery has applied for a joint construction and operating permit from the Illinois Environmental Protection Agency (Illinois EPA) for its Tier 2 Project at its refinery located at 900 South Central Avenue in Roxana. The Tier 2 Project will enable the refinery to produce low sulfur gasoline as required by federal regulation "Tier 2 Motor Vehicle Emissions Standards and Gasoline Sulfur Control Requirements." The project will allow the refinery to remove sulfur from certain streams that are currently not treated at the level required to produce low-sulfur gasoline. The project will not be a major modification as defined by the state's rules for Major Stationary Sources Construction and Modification (MSSCAM), 35 IAC 203 or the federal Prevention of Significant Deterioration (PSD) rules, 40 CFR 52.21. The Illinois EPA is accepting comments prior to making a final decision on this project.

Persons wanting more information may obtain copies of the draft permit, and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, State Construction and Operating Permits, New). These documents and the application can also be obtained from the Illinois EPA's offices at 2009 Mall Street in Collinsville, 618/346-5120 and 1340 North Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

The Illinois EPA is accepting comments prior to making a final decision on this project. Comments must be postmarked by midnight June 6, 2002. If sufficient interest is expressed in the permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
