

Public Notice
Proposed Issuance of a Clean Air Act Permit Program Permit to
the Quaker Oats Company in Danville

The Quaker Oats Company has requested a Clean Air Act Permit Program (CAAPP) permit from the Illinois Environmental Protection Agency (Illinois EPA) for air emissions from its food product manufacturing plant located at 1703 East Voorhees in Danville. As a major source of air emissions, the company is required by the 1990 Amendments to the Clean Air Act to obtain a Title V permit. The permit will be enforceable by the United States Environmental Protection Agency, as well as the Illinois EPA. The beginning of this public comment period also serves as the beginning date of the USEPA 45 day review period, provided the USEPA does not seek a separate proposed period. This permit may contain terms and conditions established pursuant to Title I of the federal Clean Air Act thereby making it a combined Title V and Title I permit. The Illinois EPA is accepting comments on the draft permit.

Persons wanting more information may obtain copies of the draft permit and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, Title V, New) or at the Illinois EPA's offices at 2125 South First Street in Champaign, 217/278-5800 (please call ahead to assure that someone will be available to assist you) and 1340 North Ninth St., Springfield, 217/782-7027. Copies of the documents will be made available upon request.

Comments are requested on the proposed issuance of the permit. Comments must be postmarked by midnight July 24, 2002. If sufficient interest is expressed in a permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
