

Illinois Environmental Protection Agency

Notice of Public Comment Period for the
Proposed Revision of the Construction Permit for
Printpack, Inc. in Elgin

Printpack, Inc., 2800 Overlook Parkway, Atlanta, GA, 30339, has applied to the Illinois EPA to revise construction permit #09080036 issued in January 2010 for two new printing lines, four new seam machines and make improvements to an existing laminator at its facility located at 1400 Abbott Drive in Elgin. The company has requested to revise the permit to lower permitted VOM emissions for the seamers and new presses so that permitted VOM emissions are now less than significant and actions to decrease VOM emissions previously relied upon are no longer required. The project is not a major new source or modification for purposes of the state rules for Major Stationary Sources Construction and Modification (MSSCAM), 35 IAC Part 203.

Based on its review of the application, the Illinois EPA has made a preliminary determination that this project will comply with the applicable environmental regulations and has prepared a draft permit for public review.

The Illinois EPA is accepting comments prior to making a final decision on the application for this project. **Comments must be postmarked by midnight December 1, 2010.** If sufficient interest is expressed in this matter, a hearing may be held. Comments, questions and requests for information, should be directed to Brad Frost, Bureau of Air, Illinois EPA, P. O. Box 19506, Springfield, IL 62794-9506, phone 217/782-2113, TDD 217/782-9143.

Persons wanting more information may view the draft permit and project summary at <http://www.epa.gov/reg5oair/permits/ilonline.html>. The repositories for these documents and the application are located at the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 and 1340 N. Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.
