

Public Notice
Proposed Issuance of a Clean Air Act Permit Program Permit to
MarathonAshland Petroleum, LLC in Robinson

MarathonAshland Petroleum has requested a Clean Air Act Permit Program (CAAPP) permit from the Illinois Environmental Protection Agency (Illinois EPA) for air emissions from its petroleum products terminal located at 12345 East 1050th Street in Robinson. For purposes of CAAPP applicability, the terminal is considered a single source of air emissions with the MarathonAshland Robinson Refinery. The company will obtain a separate CAAPP permit for the refinery. Major sources of air emissions are required by the 1990 Amendments to the Clean Air Act to obtain CAAPP permits. The United States Environmental Protection Agency (USEPA) has delegated the issuance of CAAPP permits in Illinois to the Illinois EPA, Bureau of Air. CAAPP permits are enforceable by the public, as well as the USEPA and Illinois EPA. The beginning of this public comment period also serves as the beginning date of the USEPA 45 day review period, provided the USEPA does not seek a separate proposed period. This permit may contain terms and conditions established pursuant to Title I of the federal Clean Air Act thereby making them combined Title V and Title I permits. The Illinois EPA is accepting comments on the draft permit.

Persons wanting more information may obtain copies of the draft permit and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, Title V, New). These documents and the application are available at the Illinois EPA's offices at 2309 West Main Street in Marion, 618/993-7200 and 1340 North Ninth St., Springfield, 217/782-7027 (for either location, please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

Comments are requested on the proposed issuance of the permit. Comments must be postmarked by midnight July 25, 2003. If sufficient interest is expressed in a permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
