

Public Notice
Proposed Issuance of Clean Air Act Permit Program Permits to
CDT Landfill in Joliet and
Algonquin Power Systems, Inc. in Joliet

CDT Landfill has requested a Clean Air Act Permit Program (CAAPP) permit from the Illinois Environmental Protection Agency (Illinois EPA) for air emissions from the municipal solid waste landfill located at 2851 Mound Road in Joliet. Major sources of air emissions are required by the 1990 Amendments to the Clean Air Act to obtain Title V permits. The permit will be enforceable by the United States Environmental Protection Agency, as well as the Illinois EPA. The beginning of this public comment period also serves as the beginning date of the USEPA 45 day review period, provided the USEPA does not seek a separate proposed period. This permit may contain terms and conditions established pursuant to Title I of the federal Clean Air Act thereby making them combined Title V and Title I permits.

Algonquin Power Systems, Inc. has also requested a Clean Air Act Permit Program (CAAPP) permit from the Illinois Environmental Protection Agency (Illinois EPA) for air emissions from the landfill gas combustion process located at 2851 Mound Road in Joliet. Major sources of air emissions are required by the 1990 Amendments to the Clean Air Act to obtain Title V permits. The permit will be enforceable by the United States Environmental Protection Agency, as well as the Illinois EPA. The beginning of this public comment period also serves as the beginning date of the USEPA 45 day review period, provided the USEPA does not seek a separate proposed period. This permit may contain terms and conditions established pursuant to Title I of the federal Clean Air Act thereby making them combined Title V and Title I permits.

Although the individual companies have elected to obtain separate CAAPP permits, for the purpose of CAAPP applicability, CDT Landfill and Algonquin Power Systems, Inc. are considered a single source of air emissions. The Illinois EPA is accepting comments on the draft permit.

Persons wanting more information may obtain copies of the draft permit and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, Title V, New). These documents and the application are available at the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 and 1340 North Ninth St., Springfield, 217/782-7027 (for either location please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

Comments are requested on the proposed issuance of the permit. Comments must be postmarked by midnight December 14, 2002. If sufficient interest is expressed in a permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
