

Public Notice
Proposed Issuance of a Construction Permit
and Revision of the Federally Enforceable State Operating Permit for
Donaldson Company, Inc. in Dixon

Donaldson Company, Inc. has applied for a construction permit from the Illinois Environmental Protection Agency (Illinois EPA) to install a new filter media treatment operation at its facility located at 815 Progress Drive in Dixon. The company has also applied for a revision to its federally enforceable state operating permit (FESOP) to incorporate the new operation. The new filter media treatment operation would not result in a major increase in emissions as defined by the federal Prevention of Significant Deterioration (PSD) rules, 40 CFR 52.21 or state rules 35 IAC 203: Major Stationary Source Construction and Modification (MSSCAM). Donaldson Company, Inc. manufactures specialized air and charcoal filters.

The Illinois EPA is accepting comments prior to making a final decision on the permits. Comments must be postmarked by midnight October 19, 2005. If sufficient interest is expressed in the permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.

Persons wanting more information may obtain copies of the draft permit, and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, State Construction Permit, New). These documents and the application can also be obtained from the Illinois EPA's offices at 12 Gunia Drive in LaSalle, 815/223-1344 and 1340 North Ninth St., Springfield, 217/782-7027 (for either location please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.
