

Public Notice  
of the Proposed Renewal of the Federally Enforceable State Operating Permit (FESOP)  
to the City of McLeansboro

The City of McLeansboro has requested that the Illinois Environmental Protection Agency issue a federally enforceable state operating permit (FESOP) for air emissions from the McLeansboro Municipal Power Plant located at 305 West Market Street in McLeansboro. Pursuant to the 1990 amendments to the Clean Air Act, the facility is required to have a federally enforceable permit for its air emissions. The permit will contain federally enforceable limitations that restrict the facility's emissions to non-major levels. The permit will be enforceable by the USEPA, as well as the Illinois EPA. The Illinois EPA is accepting comments on the permits.

Persons wanting more information may obtain copies of the draft permits, and project summary at [www.epa.gov/region5/air/permits/ilonline.htm](http://www.epa.gov/region5/air/permits/ilonline.htm) (please look under All Permit Records, FESOP, Renewal). These documents and the application may also be obtained from the Illinois EPA's office at 2309 West Main Street in Marion, 618/993-7200 (please call ahead to assure that someone will be available to assist you) and 1340 North Ninth St., Springfield, 217/782-7027. Copies of the documents will be made available upon request.

Comments are requested on the draft permits. Comments must be postmarked by midnight August 24, 2002. If sufficient interest is expressed in a permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
