

Public Notice  
Proposed Issuance of a Clean Air Act Permit Program Permit to  
J.M. Huber Corporation – Engineered Minerals Division in Quincy

J.M. Huber Corporation – Engineered Minerals Division has requested a Clean Air Act Permit Program (CAAPP) permit from the Illinois Environmental Protection Agency (Illinois EPA) for air emissions from its mineral mining, grinding and processing facility located at 3150 Gardener Expressway in Quincy. As a major source of air emissions, the company is required by the 1990 Amendments to the Clean Air Act to obtain a Title V permit. The permit will be enforceable by the United States Environmental Protection Agency, as well as the Illinois EPA. The beginning of this public comment period also serves as the beginning date of the USEPA 45 day review period, provided the USEPA does not seek a separate proposed period. This permit may contain terms and conditions established pursuant to Title I of the federal Clean Air Act thereby making it a combined Title V and Title I permit. The Illinois EPA is accepting comments on the draft permits.
