Public Notice  
Proposed Revision of the Construction Permit for  
SWI Energy, LLC in Alton

SWI Energy, LLC, 200 West Third Street, Suite 407, Alton, Illinois, 62002, has applied to revise the construction permit issued by the Illinois Environmental Protection Agency (Illinois EPA) for a fuel ethanol manufacturing plant located at 10 Cut Street in Alton. SWI Energy, LLC has requested that the permit be revised to change the permitted production capacity of the plant to 66 million gallons of ethanol per year, from the current 113.7 million gallons per year authorized by the original permit. The facility is not a major source as defined by the federal Prevention of Significant Deterioration (PSD) rules, 40 CFR 52.21 or Major Stationary Sources Construction and Modification (MSSCAM), 35 IAC Part 203.

Based on its review of the application, the Illinois EPA has made a preliminary determination that this project will comply with the applicable environmental regulations and has prepared a draft permit for public review.

The Illinois EPA is accepting comments prior to making a final decision on the application for this project. **Comments must be postmarked by midnight December 21, 2008.** If sufficient interest is expressed in this matter, a hearing may be held. Comments, questions and requests for information, should be directed to Brad Frost, Bureau of Air, Illinois EPA, P. O. Box 19506, Springfield, IL 62794-9506, phone 217/782-2113, TDD 217/782-9143.
