Public Notice

Proposed Renewal of the Clean Air Act Permit Program Permit
Northern Illinois University, DeKalb

Northern Illinois University (NIU) has requested that the Illinois Environmental Protection Agency (Illinois EPA) renew the Clean Air Act Permit Program (CAAPP) permit regulating air emissions from NIU campus operations in DeKalb, Illinois. Based on its review of the application, the Illinois EPA has made a preliminary determination that the application meets the regulatory standards for permit issuance and has prepared a draft permit for review.

The Illinois EPA is accepting comments on the draft permit; the USEPA has a 45-day comment period beginning August 2; the general public is provided a 30-day comment period beginning on August 16, the newspaper publication date of this notice. **Comments must be postmarked by midnight September 16, 2013.** If sufficient interest is expressed in the draft permit, a hearing or other informational meeting may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-7027, TDD phone number 217/782-9143.

Persons wanting more information may obtain copies of the draft permit and project summary at <http://www.epa.gov/reg5oair/permits/ilonline.html>. The repositories for these documents and the application are at the Illinois EPA's offices at 5415 North University in Peoria, 309-693-5462 and 1340 North Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

The CAAPP is Illinois' operating permit program for major sources of emissions, as required by Title V of the Clean Air Act (Act). The conditions of CAAPP permits are enforceable by the public, as well as by the USEPA and Illinois EPA. In addition to implementing Title V of the Act, CAAPP permits may contain "Title I Conditions," i.e., conditions established under the permit programs for new and modified emission units, pursuant to Title I of the Act. The permit contains T1 conditions in sections 4.2.2 and 4.3.2 that were established in previously issued permits. The permit contains no T1 conditions that are being revised or newly established by this application.
