Notice of Public Comment Period
Proposed Issuance of a Construction Permit
Phillips 66 Company in Roxana

Phillips 66 Company has applied to the Illinois EPA Bureau of Air to revise the construction permit for the Tier 2 project at its refinery located at 900 South Central Avenue in Roxana. The Tier 2 project enables the refinery to produce lower sulfur gasoline, as required by the USEPA Tier 2 gasoline sulfur requirements. Phillips 66 is requesting the revision to account for additional sulfur compounds in the fuel gas besides hydrogen sulfide which increases the permitted SO₂ emissions.

The revised project is not a major new project or modification for purposes of the state rules for Major Stationary Sources Construction and Modification (MSSCAM), 35 IAC Part 203 or for purposes of the federal rules for Prevention of Significant Deterioration (PSD), 40 CFR 52.21. Based on its review of the application, the Illinois EPA has made a preliminary determination that this project will comply with the applicable environmental regulations and has prepared a draft permit for public review.

The Illinois EPA is accepting comments prior to making a final decision on the application for this project. **Comments must be postmarked by midnight February 16, 2014.** If sufficient interest is expressed in this matter, a hearing or other informational meeting may be held. Comments, questions and requests for information, should be directed to Brad Frost, Bureau of Air, Illinois EPA, P. O. Box 19506, Springfield, IL 62794-9506, phone 217/782-2113, TDD 217/782-9143.

The repositories for these documents and the application are located at the Illinois EPA's offices at 2009 Mall Street, Collinsville, 618/346-5120 and 1340 N. Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). The draft permit and project summary may also be viewed at <http://www.epa.gov/reg5oair/permits/ilonline.html> Copies of the documents will be made available upon request to the contact listed above.
