RE: Notice and Finding of Violation issued to Dairyland Power Cooperative
Pursuant to Section 113(a) of the Clean Air Act, 42 U.S.C. § 7413(a)

Dear Mr. Huff:

Based on a review and analysis of Dairyland Power Cooperative's (DPC) responses to the April 26, 2006 and May 18, 2009 Information Requests issued by the U.S. Environmental Protection Agency under Section 114 of the Clean Air Act (CAA), EPA has determined that from September 2004 through November 2009 DPC performed major projects at the Alma/J.P. Madgett and Genoa power plants, located in Alma and Genoa, Wisconsin respectively. EPA has determined that these projects each triggered the Prevention of Significant Deterioration (PSD) requirements under Section 165 of the Act, 42 U.S.C. § 7475, and Wis. Admin. Code Chapter NR 405 of the Wisconsin State Implementation Plan, and the requirement to apply for or amend the plants' Title V permits under Title V of the CAA and Wis. Admin. Code Chapter NR 407 to include the PSD requirements.

Representatives from EPA and the U.S. Department of Justice have held several meetings with you and DPC's attorneys to discuss this matter and DPC's future plans for the utility. Please contact Katharina Bellairs at (312) 353-1669 or Janet Carlson at (312) 886-6059 if you have any questions about this Notice and Finding of Violation.

Sincerely,

ACTING

Cheryl L. Newton
Director
Air and Radiation Division

CERTIFICATE OF MAILING

I, Tracy Jamison, certify that I sent a Notice of Violation and Finding of Violation, No. **EPA-5-12-WI-02**, by Certified Mail, Return Receipt Requested, to:

Donald R. Huff
Director of Environmental Affairs
Dairyland Power Cooperative
P.O. Box 817
La Crosse, Wisconsin 45602-0817

I also certify that I sent a copy of the Request to Provide Information Pursuant to the Clean Air Act by First Class Mail to:

Jeffery Landsman
Wheeler, Van Sickle & Anderson, S.C.
25 West Main Street, Suite 801
