Re: Finding of Violation
A-Z Recycling, Inc.
Columbus, Ohio

Dear Mr. Qu and Mr. Weaver:

The U.S. Environmental Protection Agency is issuing the enclosed Finding of Violation (FOV) to A-Z Recycling, Inc. (you). We find that you have violated the Clean Air Act (CAA), 42 U.S.C. § 7401 *et seq.*, specifically the regulations for the Protection of Stratospheric Ozone located at 40 C.F.R. Part 82, Subpart F, at your Columbus, Ohio facility. EPA promulgated these regulations as required by Section 608 of the CAA, 42 U.S.C. § 7671g.

We have several enforcement options under Section 113(a)(3) of the CAA, 42 U.S.C. § 7413(a)(3). These options include issuing an administrative compliance order, issuing an administrative penalty order and bringing a judicial civil action.

We are offering you an opportunity to confer with us about the violations alleged in the FOV. The conference will give you the opportunity to present information on the specific findings of violation, the efforts you have taken to comply, and the steps you will take to prevent future violations.

Please plan for your facility's technical and management personnel to attend the conference to discuss compliance measures and commitments. You may have an attorney represent you at this conference.

The EPA contact in this matter is Natalie Topinka. You may contact her at 312-886-3853 or topinka.natalie@epa.gov to request a conference. You should make the request within 10 calendar days following receipt of this letter. We should hold any conference within 30 calendar days following receipt of this letter.

Sincerely,

George T. Czerniak
Acting Director
Air and Radiation Division

Factual Background

3. A-Z owns and operates a scrap metal recycling facility (the facility) at 1465 East 17th Avenue, Columbus, Ohio.
4. On September 22, 2011, EPA conducted an inspection of the facility. During the inspection, Mr. Xiaodong "Dong" Qu, a representative of A-Z, stated that the facility accepts MVAC radiators and air conditioner coils and compressors for recycling. EPA observed these items on-site.
5. On October 31, 2011, under Section 114 of the CAA, 42 U.S.C. § 7414, EPA sent a Request for Information to A-Z seeking information about the facility's compliance with the CAA. On January 25, 2012, A-Z submitted a response to EPA.
6. In its January 25, 2012 response, A-Z stated that it accepts for recycling at the facility appliance and MVAC components that once contained refrigerant, and that it had accepted such appliance and MVAC components for recycling within the past 12 months.
7. In its January 25, 2012 response, A-Z stated that it does not use equipment for recovery of refrigerant from appliance or MVAC components that are brought to the facility.
8. In its January 25, 2012 response, A-Z indicated that it did not have contracts with or require written statements from its suppliers verifying that all refrigerant had been properly recovered prior to delivery of the appliance components to the facility.

Finding of Violations

9. For the above reasons, EPA finds that A-Z has violated 40 C.F.R. § 82.156(f) by failing to recover refrigerant from appliances or to verify that refrigerant had been recovered from appliances prior to accepting them for recycling.
