Re: Finding of Violation
Total Metal Recycling
Granite City, Illinois

Dear Mr. Paszkiewicz:

The U.S. Environmental Protection Agency is issuing the enclosed Finding of Violation (FOV) to Total Metal Recycling (you). We find that you have violated the Clean Air Act (CAA), 42 U.S.C. § 7401 *et seq.*, specifically the regulations for the Protection of Stratospheric Ozone located at 40 C.F.R. Part 82, Subpart F, at your Granite City, Illinois facility. EPA promulgated these regulations as required by Section 608 of the CAA, 42 U.S.C. § 7671g.

We have several enforcement options under Section 113(a)(3) of the CAA, 42 U.S.C. § 7413(a)(3). These options include issuing an administrative compliance order, issuing an administrative penalty order and bringing a judicial civil or criminal action.

We are offering you an opportunity to confer with us, either in person or by telephone, about the violations alleged in the FOV. The conference will give you the opportunity to present information on the specific findings of violation, the efforts you have taken to comply, and the steps you will take to prevent future violations.

Please plan for your facility's technical and management personnel to attend the conference to discuss compliance measures and commitments. You may have an attorney represent you at this conference.

The EPA contact in this matter is Natalie Topinka. You may call her at 312-886-3853 to request a conference. You should make the request within 10 calendar days following receipt of this letter. We should hold any conference within 30 calendar days following receipt of this letter.

Sincerely,

George T. Czerniak
Director
Air and Radiation Division

Enclosure: SBREFA fact sheet

FINDING OF VIOLATION

EPA-5-13-IL-16

FINDING OF VIOLATION

The U.S. Environmental Protection Agency (EPA) finds that Total Metal Recycling (Total Metal) is violating the Clean Air Act (CAA), 42 U.S.C. § 7401 *et seq.* Specifically, Total Metal is failing to reduce emissions of ozone-depleting substances as required by 40 C.F.R. Part 82, Subpart F, as follows:

Statutory and Regulatory Authority

1. In accordance with Section 608 of the CAA, 42 U.S.C. § 7671g, EPA promulgated regulations at 40 C.F.R. Part 82, Subpart F, applicable to recycling and emissions reductions of ozone-depleting substances. The purpose of the regulations is to reduce emissions of class I and class II refrigerants to the lowest achievable level during the service, maintenance, repair, and disposal of appliances. 40 C.F.R. § 82.150(a).
2. Under 40 C.F.R. § 82.156(f), persons who take the final step in the disposal process (including but not limited to scrap recyclers and landfill operators) of a small appliance, room air conditioning unit, Motor Vehicle Air Conditioner (MVAC), or MVAC-like appliance are required to either:
 - a. Recover any remaining refrigerant from the appliance in accordance with specific procedures described in 40 C.F.R. § 82.156(g) or (h); or
 - b. Verify that the refrigerant has been evacuated from the appliance or shipment of appliances previously. Such verifications must include a signed statement from the person from whom the appliance or shipment of appliances is obtained that all refrigerant that had not leaked previously has been recovered from the appliances or shipment of appliances. This statement must include the name and address of the person who recovered the refrigerant and the date the refrigerant was recovered or a contract that refrigerant will be removed prior to delivery. 40 C.F.R. § 82.156(f)(2). Any signed statements must be maintained on-site for a minimum of three years. 40 C.F.R. §§ 82.166(i) and (m).

Factual Background

3. Total Metal owns and operates a scrap metal recycling facility (the facility) at 2700 Missouri Avenue, Granite City, Illinois.
4. On August 24, 2012, EPA conducted an inspection of the facility. During the inspection, representatives of Total Metal stated that the facility accepts appliances and MVACs for recycling. During the inspection, EPA inspectors observed and photographed appliance and MVAC components.
5. During the August 24, 2012 inspection, EPA found that Total Metal did not have contracts with or require written statements from its suppliers verifying that appliances or MVACs arriving at the facility already empty of refrigerant had had the refrigerant properly recovered from the item prior to their delivery to Total Metal.

Finding of Violations

6. For the above reasons, EPA finds that Total Metal has violated 40 C.F.R. § 82.156.

Date

3/8/13

George T. Czerniak
Director
Air and Radiation Division

CERTIFICATE OF MAILING

I, Elizabeth Rosado certify that I sent a Finding of Violation, No. EPA-5-13-IL-20, by Certified Mail, Return Receipt Requested, to:

Lance Paszkiewicz, Plant Manager
Total Metal Recycling
2700 Missouri Avenue
Granite City, Illinois 62040

I also certify that I sent copies of the Finding of Violation by first-class mail to:

Ray Pilapil, Manager
Bureau of Air
Compliance and Enforcement Section
Illinois Environmental Protection Agency
1021 North Grand Avenue East
Springfield, Illinois 62702

On the 11 day of March 2013.

Administrative Program Assistant

U.S. EPA Small Business Resources Information Sheet

The United States Environmental Protection Agency provides an array of resources, including workshops, training sessions, hotlines, websites and guides, to help small businesses understand and comply with federal and state environmental laws. In addition to helping small businesses understand their environmental obligations and improve compliance, these resources will also help such businesses find cost-effective ways to comply through pollution prevention techniques and innovative technologies.

EPA's Small Business Websites

Small Business Environmental Homepage - www.smallbiz-enviroweb.org

Small Business Gateway - www.epa.gov/smallbusiness

EPA's Small Business Ombudsman - www.epa.gov/sbo or 1-800-368-5888

EPA's Compliance Assistance Homepage

State and Tribal Web-Based Resources

State Resource Locators
www.envcap.org/statetools

The Locators provide state-specific contacts, regulations and resources covering the major environmental laws.

State Small Business Environmental Assistance Programs (SBEAPs)
www.smallbiz-enviroweb.org

State SBEAPs help small businesses and assistance providers understand environmental requirements and sustainable business practices through workshops, trainings and site visits. The website is a central point for sharing resources between EPA and states.

EPA's Tribal Compliance Assistance Center
www.epa.gov/tribalcompliance/index.html

The Center provides material to Tribes on environmental stewardship and regulations that might apply to tribal government operations.

EPA's Tribal Portal
www.epa.gov/tribalportal/

The Portal helps users locate tribal-related information within EPA and other federal agencies.

EPA Compliance Incentives

EPA provides incentives for environmental compliance. By participating in compliance assistance programs or voluntarily disclosing and promptly correcting violations before an enforcement action has been initiated, businesses may be eligible for penalty waivers or reductions. EPA has two such policies that may apply to small businesses:

EPA's Small Business Compliance Policy
www.epa.gov/compliance/incentives/smallbusiness/index.html

This Policy offers small businesses special incentives to come into compliance voluntarily.

EPA's Audit Policy
www.epa.gov/compliance/incentives/auditing/auditpolicy.html

The Policy provides incentives to all businesses that voluntarily discover, promptly disclose and expeditiously correct their noncompliance.

Commenting on Federal Enforcement Actions and Compliance Activities

The Small Business Regulatory Enforcement Fairness Act (SBREFA) established a SBREFA Ombudsman and 10 Regional Fairness Boards to receive comments from small businesses about federal agency enforcement actions. If you believe that you fall within the Small Business Administration's definition of a small business (based on your North American Industry Classification System designation, number of employees or annual receipts, as defined at 13 C.F.R. 121.201; in most cases, this means a business with 500 or fewer employees), and wish to comment on federal enforcement and compliance activities, call the SBREFA Ombudsman's toll-free number at 1-888-REG-FAIR (1-888-734-3247), or go to their website at www.sba.gov/ombudsman.

Every small business that is the subject of an enforcement or compliance action is entitled to comment on the Agency's actions without fear of retaliation. EPA employees are prohibited from using enforcement or any other means of retaliation against any member of the regulated community in response to comments made under SBREFA.

Your Duty to Comply

If you receive compliance assistance or submit a comment to the SBREFA Ombudsman or Regional Fairness Boards, you still have the duty to comply with the law, including providing timely responses to EPA information requests, administrative or civil complaints, other enforcement actions or communications. The assistance information and comment processes do not give you any new rights or defenses in any enforcement action. These processes also do not affect EPA's obligation to protect public health or the environment under any of the environmental statutes it enforces, including the right to take emergency remedial or emergency response actions when appropriate. Those decisions will be based on the facts in each situation. The SBREFA Ombudsman and Fairness Boards do not participate in resolving EPA's enforcement actions. Also, remember that to preserve your rights, you need to comply with all rules governing the enforcement process.

EPA is disseminating this information to you without making a determination that your business or organization is a small business as defined by Section 222 of the Small Business Regulatory Enforcement Fairness Act or related provisions.
