Dear Mr. Hopkins:

We appreciate the opportunity to provide comments during the early stakeholder outreach for Ohio Environmental Protection Agency's Greenhouse Gas Tailoring Rule air permitting rules 5-year review. The U.S. Environmental Protection Agency remains concerned with the auto-rescission language found in the Ohio Administrative Code 3745-31-34(C) and 3745-77-11(D) because it is likely to be unapprovable into the Ohio State Implementation Plan. We look forward to continuing to work with you to resolve the issues with the rule language so that it can be made approvable. If you have any questions, please feel free to contact Richard Angelbeck, of my staff, at (312) 886-9698.

Sincerely,

A handwritten signature in cursive script that reads "Genevieve Damico".
