Industrial Classification Manual, 1987, incorporated by reference in s. NR 484.05 (1).

(3m) "Individual operation permit" means an operation permit which is not a general operation permit issued under s. NR 407.10 or a registration operation permit issued under s. NR 407.105.

NR 407.02 Definitions.

(3) "Facility" means all stationary sources emitting air contaminants which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person, or persons under common control. Emissions resulting from loading, unloading or stockpiling materials to or from vessels or vehicles while at a facility shall be considered as part of the facility's emissions. Air contaminant sources, other than transportation related activities, shall be considered as part of the same industrial grouping if they are classified under the same 2-digit major group as described in the Standard
