Re: Finding of Violation
Azcon Corporation
Alton, Illinois

Dear Mr. Schoeneweis:

The U.S. Environmental Protection Agency is issuing the enclosed Finding of Violation (FOV) to Azcon Corporation (you). We find that you have violated the Clean Air Act (CAA), 42 U.S.C. § 7401 *et seq.*, specifically the regulations for the Protection of Stratospheric Ozone located at 40 C.F.R. Part 82, Subpart F, at your Alton, Illinois facility. EPA promulgated these regulations as required by Section 608 of the CAA, 42 U.S.C. § 7671g.

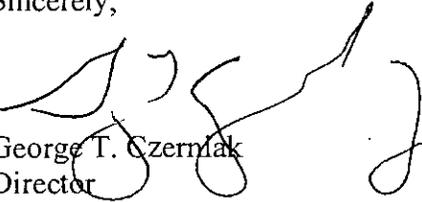

We have several enforcement options under Section 113(a)(3) of the CAA, 42 U.S.C. § 7413(a)(3). These options include issuing an administrative compliance order, issuing an administrative penalty order and bringing a judicial civil or criminal action.

We are offering you an opportunity to confer with us either in person or by telephone about the violations alleged in the FOV. The conference will give you the opportunity to present information on the specific findings of violation, the efforts you have taken to comply, and the steps you will take to prevent future violations.

Please plan for your facility's technical and management personnel to attend the conference to discuss compliance measures and commitments. You may have an attorney represent you at this conference.

The EPA contact in this matter is Natalie Topinka. You may call her at 312-886-3853 to request a conference. You should make the request within 10 calendar days following receipt of this letter. We should hold any conference within 30 calendar days following receipt of this letter.

Sincerely,

George T. Czerniak
Director
Air and Radiation Division

Enclosure: SBREFA fact sheet

cc: Ray Pilapil, IEPA

Factual Background

3. Azcon owns and operates a scrap metal recycling facility (the facility) at 121 Chessen Lane, Alton, Illinois.
4. On August 24, 2012, EPA conducted an inspection of the facility. During the inspection, representatives of Azcon stated that the facility accepts appliances and MVACs for recycling. During the inspection, EPA inspectors observed and photographed motor vehicles at Azcon's facility.
5. During the August 24, 2012 inspection, representatives of Azcon stated to EPA that Azcon did not recover refrigerant from appliances or MVACs that are brought to the facility.
6. During the August 24, 2012 inspection, EPA found that Azcon did not have contracts with or require written statements from its suppliers verifying that all refrigerant had been properly recovered prior to delivery of appliances or MVACs.

Finding of Violations

7. For the above reasons, EPA finds that Azcon has violated 40 C.F.R. § 82.156.

Date

3/8/13

George T. Czerniak
Director
Air and Radiation Division
