Mr. Curtis Towne
Chrysler Group LLC
Jefferson North Assembly Plant
2101 Connor Avenue
Detroit, Michigan 48215

Dear Mr. Towne:

Enclosed is a file-stamped Consent Agreement and Final Order (CAFO) which resolves case docket no. CAA-05-2015-0002 As indicated by the filing stamp on its first page, we filed the CAFO with the Regional Hearing Clerk on OCT 22 2014.

Pursuant to paragraph 30 of the CAFO, Chrysler Group LLC must pay the civil penalty within 30 days of the date the CAFO was filed. Your check must display the case docket number OCT 22 2014.

Please direct any questions regarding this case to Ms. Cynthia King, Associate Regional Counsel, at (312) 886-6831.

Sincerely,

Sarah Marshall
Chief
Air Enforcement and Compliance Assurance Section (MI/WT)

Enclosure

Docket No. CAA-05-2015-0002
Proceeding to Assess a Civil Penalty
Under Section 113(d) of the Clean Air Act,
42 U.S.C. § 7413(d)

Consent Agreement and Final Order

Preliminary Statement

1. This is an administrative action commenced and concluded under Section 113(d) of the Clean Air Act (the CAA), 42 U.S.C. § 7413(d), and Sections 22.1(a)(2), 22.13(b) and 22.18(b)(2) and (3) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), as codified at 40 C.F.R. Part 22.
2. Complainant is the Director of the Air and Radiation Division, U.S. Environmental Protection Agency (EPA), Region 5.
3. Respondent is Chrysler Group LLC (Chrysler), a limited liability corporation doing business in Michigan.
4. Under 40 C.F.R. § 22.13(b), where the parties agree to settle one or more causes of action before the filing of a complaint, the administrative action may be commenced and concluded simultaneously by the issuance of a consent agreement and final order (CAFO).
5. The parties agree that settling this action without the filing of a complaint or the adjudication of any issue of fact or law is in their interest and in the public interest.

Title V of the CAA, no source subject to Title V may operate except in compliance with the Title V permit.

13. U.S. EPA granted full approval to the Michigan Title V operating permit program on December 4, 2001, 66 Fed. Reg. 62949. The program became effective on November 30, 2001.

14. Section 113(a)(1-3) of the CAA, 42 U.S.C. § 7413(a)(1-3), authorizes the Administrator to initiate an enforcement action whenever, on the basis of any available information, the Administrator finds that any person has violated or is in violation of a requirement or prohibition of, among others, any implementation plan or permit, Title I or Title V of the CAA, or any rule promulgated, issued or approved under Title I or Title V of the CAA.

15. The Administrator of EPA (the Administrator) may assess a civil penalty of up to \$37,500 per day of violation up to a total of \$295,000 for violations that occurred after January 12, 2009, under Section 113(d)(1) of the CAA, 42 U.S.C. § 7413(d)(1), and 40 C.F.R. Part 19.

16. Section 113(d)(1) limits the Administrator's authority to matters where the first alleged date of violation occurred no more than 12 months prior to initiation of the administrative action, except where the Administrator and the Attorney General of the United States jointly determine that a matter involving a longer period of violation is appropriate for an administrative penalty action.

17. The Administrator and the Attorney General of the United States, each through their respective delegates, have determined jointly that an administrative penalty action is appropriate for the period of violations alleged in this CAFO.

26. According to information provided by Chrysler JNAP, emissions testing for PM₁₀ was performed at the paint spraybooths from December 7 to 16, 2010. The results from this test were improperly averaged across the zones within each booth (rather than summed) resulting in the use of an incorrect emission factor of 0.109 pounds of PM₁₀ per vehicle. The correct emission factor from the 2010 test is 0.316 pounds of PM₁₀ per vehicle painted.

27. On June 28, 2013, EPA issued a Notice of Violation to Chrysler JNAP alleging that at the facility, from November 2011 until at least December 2012, Chrysler JNAP exceeded the annual PM₁₀ emission limit of 42.4 tons per year specified in the PTI, FG-FACILITY Emission Limit I.3 and its Title V permit in violation of Michigan Administrative Code R336.1201 and R336.1331, 42 U.S.C. §§ 7410 and 7661a, 40 C.F.R. § 52.23, and 40 C.F.R. § 70.7(b) of the CAA.

28. Representatives of Chrysler JNAP and EPA met on September 17, 2013, to discuss the allegations. New testing was performed on March 19 and 20, 2014, with the final report containing results dated May 15, 2014. The testing established new emission factors that demonstrate compliance with the annual emissions limits contained in the PTI and Title V Permit.

Civil Penalty

29. Based on analysis of the factors specified in Section 113(e) of the CAA, 42 U.S.C. § 7413(e), the facts of this case and the Respondent's cooperation, Complainant has determined that an appropriate civil penalty to settle this action is \$49,571.

30. Within 30 days after the effective date of this CAFO, Respondent must pay a \$49,571 civil penalty by sending a cashier's or certified check, payable to "Treasurer, United States of America," to:

United States enforcement expenses, including but not limited to attorney fees and costs incurred by the United States for collection proceedings. In addition, Respondent must pay a quarterly nonpayment penalty each quarter during which the assessed penalty is overdue. This nonpayment penalty will be 10 percent of the aggregate amount of the outstanding penalties and nonpayment penalties accrued from the beginning of the quarter. 42 U.S.C. § 7413(d)(5).

General Provisions

35. This CAFO resolves only Respondent's liability for federal civil penalties for the violations alleged in this CAFO.

36. The CAFO does not affect the rights of EPA or the United States to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violation of law.

37. This CAFO does not affect Respondent's responsibility to comply with the CAA and other applicable federal, state and local laws. Except as provided in paragraph 35, above, compliance with this CAFO will not be a defense to any actions subsequently commenced pursuant to federal laws administered by EPA.

38. Respondent certifies that it is complying with the 42.4 tons/year PM₁₀ emission limit in its PTI and Title V Permit.

39. This CAFO constitutes an "enforcement response" as that term is used in EPA's Clean Air Act Stationary Civil Penalty Policy to determine Respondent's "full compliance history" under Section 113(e) of the CAA, 42 U.S.C. § 7413(e).

40. The terms of this CAFO bind Respondent, its successors and assigns.

41. Each person signing this consent agreement certifies that he or she has the authority to sign for the party whom he or she represents and to bind that party to its terms.

42. Each party agrees to bear its own costs and attorney fees in this action.

Consent Agreement and Final Order
In the Matter of: Chrysler Group LLC, Jefferson North Assembly Plant
Docket No. CAA-05-2015-0002

Final Order

This Consent Agreement and Final Order, as agreed to by the parties, shall become effective immediately upon filing with the Regional Hearing Clerk. This Final Order concludes this proceeding pursuant to 40 C.F.R. §§ 22.18 and 22.31. IT IS SO ORDERED.
