

Chapter NR 406

CONSTRUCTION PERMITS

NR 406.01	Applicability; purpose.	NR 406.11	Construction permit revision, suspension and revocation.
NR 406.02	Definitions.	NR 406.12	Permit duration periods.
NR 406.03	Permit requirements and exemptions for construction permits.	NR 406.13	Duty to comply.
NR 406.04	Direct sources exempt from construction permit requirements.	NR 406.15	Relocation of portable sources.
NR 406.07	Scope of permit exemption.	NR 406.16	General construction permits.
NR 406.08	Action on permit applications.	NR 406.17	Registration construction permits.
NR 406.09	Air quality analysis.	NR 406.18	Petition for issuance of general construction permits and registration construction permits.
NR 406.10	Violations.		

NR 406.02 Definitions. The definitions contained in ch. NR 400 apply to the terms used in this chapter. In addition, the following definitions apply to the terms used in this chapter:

(1) "Facility" means all stationary sources emitting air contaminants which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person, or persons under common control. Emissions resulting from loading, unloading or stockpiling materials to or from vessels or vehicles while at a facility shall be considered as part of the facility's emissions. Air contaminant sources, other than transportation related activities, shall be considered as part of the same industrial grouping if they are classified under the same 2-digit major group as described in the Standard Industrial Classification Manual, 1987, incorporated by reference in s. NR 484.05 (1).

(2) "Individual construction permit" means a construction permit which is not a general construction permit issued under s. NR 406.16 or a registration construction permit issued under s. NR 406.17.

(3) "Initial crusher" means, at a nonmetallic mineral processing plant, any crusher into which nonmetallic minerals can be fed without prior crushing in that plant.

(4) "Initial grinding mill" means, at a nonmetallic mineral processing plant, any grinding mill into which nonmetallic minerals can be fed without prior crushing in that plant.
