Approval and Promulgation of Implementation Plan; Wisconsin

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve a revision to the Wisconsin State Implementation Plan (SIP) for ozone that was submitted on June 30, 1994, and supplemented on July 15, 1994. This revision consists of a volatile organic compound (VOC) regulation which establishes reasonably available control technology (RACT) for iron and steel foundries. This regulation was submitted to address, in part, the requirement of section 182(b)(2)(C) of the Clean Air Act (CAA or Act) that States revise their SIPs to establish RACT regulations for major sources of VOCs for which the USEPA has not issued a control technology guidelines (CTG) document. In addition, emission reductions resulting from this rule are being used by the State to fulfill, in part, the requirement of section 182(b)(1) of the Act that States submit a plan which provides for a 15 percent reduction in VOC emissions by 1996. In the final rules section of this Federal Register,

the EPA is approving this action as a direct final without prior proposal because EPA views this as a noncontroversial action and anticipates no adverse comments. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action. Any parties interested in commenting on this document should do so at this time.

DATES: Comments on this proposed action must be received by March 14, 1996.

ADDRESSES: Written comments should be sent to: Carlton T. Nash, Chief, Regulation Development Section, Air Toxics and Radiation Branch (AT-18J), EPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604-3590.

FOR FURTHER INFORMATION CONTACT: Kathleen D'Agostino, (312) 886-1767.

SUPPLEMENTARY INFORMATION: For additional information, see the Direct Final rule which is located in the Rules section of this Federal Register. Copies of the request and the EPA's analysis are available for inspection at the following address: (Please telephone Kathleen D'Agostino at (312) 886-1767 before visiting the Region 5 office.) EPA, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604-3590.

Approval and Promulgation of State Implementation Plans; California State Implementation Plan Revision; Santa Barbara County Air Pollution Control District; Kern County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the California State Implementation Plan (SIP) which

concern the control of volatile organic compound (VOC) emissions from organic liquid storage and loading, and petroleum sumps, pits and well cellars. The intended effect of proposing approval of these rules is to regulate emissions of VOCs in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). In the Rules section of this Federal Register, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for this approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this action should do so at this time.

DATES: Comments on this proposed rule must be received in writing by March 14, 1996.

ADDRESSES: Written comments on this action should be addressed to: Daniel A. Meer, Rulemaking Section (A-5-3), Air and Toxics Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the rule revisions and EPA's evaluation report of each rule are available for public inspection at EPA's Region IX office during normal business hours. Copies of the submitted rule revisions are also available for inspection at the following locations:

California Air Resources Board,
Stationary Source Division, Rule Evaluation Section, 2020 "L" Street, Sacramento, CA 95812.
