P.O. Box 365
Mount Pleasant, Michigan 48804

Dear Mr. Huber:

I am in receipt of Gina Bozzer's April 29, 2010, letter enclosing additional information regarding Summit Petroleum Corporation's operations at its Rosebush, Michigan, facility (Rosebush facility). The U.S. Environmental Protection Agency is currently reviewing this information.

By this letter we are extending the administrative stay established in my letter to you of February 23, 2010, which postponed by 90 days the effective date by which Summit must submit a Clean Air Act Title V permit application for its Rosebush facility. EPA anticipates that it will complete its review of the additional information within the next few weeks. We will inform Summit when our review is complete.

If you have any questions regarding this letter, please contact Laura Cossa of my staff, who can be reached at (312) 886-0661. If you have questions regarding the pending litigation in the 6th Circuit of *Summit Petroleum Corporation v. United States Environmental Protection Agency and Lisa Jackson*, Case No. 09-4348, please contact David Gualtieri of the U.S. Department of Justice at (202) 514-4767.

Sincerely,

A handwritten signature in blue ink, appearing to read "Cheryl L. Newton".
