Dear Mr. Kairis:

On January 8, 2014, the U.S. Environmental Protection Agency received your application requesting a minor permit modification to the Part 71 operating permit for Treasure Island Resort and Casino. In your application, you requested to change the location where records will be kept, the addition of insignificant activities omitted from the original permit application, and the correction of typographical errors within the permit.

Please find enclosed a revised part 71 operating permit and statement of basis incorporating the revisions requested in your minor permit modification application. EPA modified the permit pursuant to 40 C.F.R. § 71.7(e) which allows for minor modifications to be made to the permit without public participation.

Please post the modified permit and distribute it to staff members responsible for ensuring compliance with the conditions and limitations established in the permit. If you have any questions regarding this matter, please contact Michael Langman, of my staff, at (312) 886-6867.

Sincerely,

A handwritten signature in cursive script that reads "Genevieve Damico".
