In the Matter of § Docket No. SDWA-06-2011-1107  
§  
§  
Chaparral Energy, LLC §  
Oklahoma City, Oklahoma §  
Respondent § CONSENT AGREEMENT  
§ AND  
§ FINAL ORDER  
§  
Proceedings under Section §  
1423(c) of the Safe Drinking §  
Water Act, 42 U.S.C. § 300h-2(c) §

**I. STATUTORY AUTHORITY**

This Consent Agreement and Final Order ("CAFO") is issued under the authority vested in the Administrator of the U.S. Environmental Protection Agency ("EPA") pursuant to Section 1423, 42 U.S.C. § 300h-2, of the Safe Drinking Water Act ("the Act"). This CAFO is issued in accordance with 40 C.F.R. § 22.18, as set forth in the "Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits," 40 C.F.R. §§ 22.1 through 22.52.

**II. CONSENT AGREEMENT**

1. The EPA and Chaparral Energy, LLC ("Respondent") (collectively, "Parties") agree that settlement of this matter without litigation will save time and resources, that it is in the public interest, and that the entry of this CAFO is the most appropriate means of resolving this matter. Compliance with all terms of this CAFO resolves only those violations alleged by EPA in the administrative complaint issued on July 15, 2011.
2. Respondent admits the jurisdictional allegations herein; however, Respondent neither admits nor denies the specific factual allegations and conclusions of law contained in the complaint or this CAFO. This CAFO states a claim upon which relief may be granted.

3. Respondent expressly waives any right to a hearing regarding penalty assessment or any other issue of law or fact relevant to this proceeding. Respondent further waives all defenses which have been or could have been raised to the claims set out in the previously issued complaint and waives the right to judicial review of this administrative penalty assessment.

4. Before the taking of any testimony, and without adjudication of any issue of law or fact, the Parties agree to the terms of this CAFO and to its issuance. Respondent consents to the assessment and payment of a civil penalty in the amount and by the method stated below.

### **III. FINDINGS OF FACT AND CONCLUSIONS OF LAW**

5. At all times relevant to the violations alleged in the complaint and herein (“relevant time period”), Respondent is a limited liability company authorized to do business in the State of Oklahoma, and as such is a “person,” within the meaning of Section 1401(12) of the Act, 42 U.S.C. § 300f(12).

6. During the relevant time period, Respondent owned or operated an “injection well” which is a “Class II well” as those terms are defined at 40 C.F.R. § 147.2902. The injection well is located on the Osage Mineral Reserve in Osage County, Oklahoma. Respondent's Class II well included in this CAFO (“Well”) is identified as Well Number 42-D-32. The Well is also identified by EPA Inventory Number OS6110 and is located in the Northeast Quarter of Section 24, Township 27 North, Range 5 East, Burbank Field, Osage County, Oklahoma.

7. Because Respondent owned or operated an injection well on the Osage Mineral Reserve, Respondent is subject to underground injection control (“UIC”) program requirements at 40 C.F.R. Part 147, Subpart GGG, which is authorized under Section 1421 of the Act, 42 U.S.C. § 300h.

8. Regulations at 40 C.F.R. § 147.2903(a) require that any underground injection is prohibited except as authorized by rule or authorized by a permit issued under the UIC program. The construction or operation of any well required to have a permit is prohibited until the permit has been issued. The term “permit” is defined at 40 C.F.R. § 147.2902.

9. The Well is a “New Class II well” as that term is defined at 40 C.F.R. § 147.2902.

10. On November 28, 2006, the EPA issued UIC permit number 06S1261P6110 (“permit”) to Respondent to convert the Well to an injection well. The permit requires the Respondent to have an authorization to inject before using the Well for fluid injection.

11. Regulations at 40 C.F.R. § 147.2916 require the owner or operator of a new Class II injection well, or any other Class II well required to have a permit in the Osage Mineral Reserve, to comply with the requirements of 40 C.F.R. §§ 147.2903, 147.2907, and 147.2918 through 147.2928.

12. Regulations at 40 C.F.R. § 147.2925(a) and condition II.B of the permit require Respondent to comply with all permit conditions except as authorized by an emergency permit.

13. On July 15, 2011, EPA issued an administrative complaint against Respondent pursuant to Section 1423(c) of the Act, 42 U.S.C. § 300h-2(c), setting forth findings of fact and conclusions of law hereby incorporated by reference, and proposing to assess a civil penalty against Respondent. The complaint provided notice of Respondent’s opportunity to request a hearing on the proposed administrative penalty assessment.

14. The complaint alleges that Respondent violated regulations at 40 C.F.R. §§ 147.2916, 147.2920(b), and 147.2925(a) by operating the Well without mechanical integrity and authorization to inject.

15. EPA notified the public of the complaint and afforded the public thirty (30) days to comment on the complaint and proposed penalty. At the expiration of the notice period, EPA received no comments from the public.

**IV. PENALTY ORDER**

16. Based on the foregoing stipulations, EPA, Region 6, having taken into account the factors used for assessment of civil penalties found in Section 1423(c) of the Act, 42 U.S.C. § 300h-2(c), hereby orders, and Respondent agrees, that Respondent shall pay to the United States a civil penalty in the amount of five thousand four hundred dollars (\$5,400.00) to settle the violations alleged in the complaint.
