Re: Notice of Proposed Administrative Order and Opportunity to Request a Hearing  
Docket Number: SDWA-06-2013-1110

Dear Mr. Anderson:

Enclosed is a Proposed Administrative Order (Order) issued to Becca Oil, LLC, for violation of the Safe Drinking Water Act (SDWA). The violation was identified based on our review of files that we maintain on the referenced well. The violation was for maintaining Well No. 1 in a manner which could allow contaminants to move through the well bore into Underground Sources of Drinking Water. The enclosed Order does not assess a monetary penalty; however, it does require compliance with SDWA requirements. You would be required to complete appropriate corrective actions on the well.

You have the right to request a hearing regarding the violations alleged in the Order. Please refer to the enclosed Part 22, "Consolidated Rules of Practice," for information regarding hearing and settlement procedures. Note that should you fail to request a hearing within thirty (30) days of your receipt of this Order, you will waive your right to such a hearing, and may be subject to the compliance terms without further proceedings. Whether or not you request a hearing, we invite you to confer with us informally. If you choose not to request a hearing, we will review any comments on the proposed Order received from you and the public and determine whether the Order will become final. In the event you fail to request a hearing within thirty (30) days of your receipt of this Order, and no public comments are received, the Order will become final. Should this occur, EPA will send you a letter memorializing the finalization of the Order.

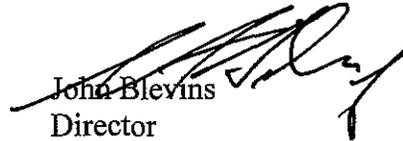

Also enclosed is an "Information Sheet" relating to the Small Business Regulatory Enforcement Fairness Act and a "Notice of Registrant's Duty to Disclose" relating to the disclosure of environmental legal proceedings to the Securities and Exchange Commission. The Environmental Protection Agency is committed to ensuring compliance with the requirements of the Underground Injection Control program, and my staff will assist you in any way possible.

U. S. ENVIRONMENTAL PROTECTION AGENCY-REGION 6  
PROPOSED ADMINISTRATIVE ORDER AND INFORMATION DEMAND

In the Matter of Becca Oil, LLC, Respondent  
Docket No. SDWA-06-2013-1110

STATUTORY AUTHORITY

SECTION 1423(c) COMPLIANCE ORDER

The following findings are made and Order issued under the authority vested in the Administrator of the U.S. Environmental Protection Agency ("EPA") by Sections 1423(c) and 1445 of the Safe Drinking Water Act ("the Act"), 42 U.S.C. §§ 300h-2(c) and 300j-4. The authority to issue this Order has been delegated by the Administrator to the Regional Administrator of EPA Region 6 who further delegated such authority to the Director of the Compliance Assurance and Enforcement Division. The EPA has primary enforcement responsibility for underground injection within the meaning of Section 1422(c) of the Act, 42 U.S.C. § 300h-1(c), to ensure that owners or operators of Class II injection wells within Osage County, Oklahoma, comply with the requirements of the Act.

7. Based on the foregoing findings and under the authority of Section 1423(c) of the Act, it is hereby ordered that Respondent shall complete corrective actions to prevent fluids from moving through the well into USDWs. Such corrective actions may be to: a) convert the well to production use; b) plug the well; c) repair the well and demonstrate mechanical integrity; or d) pump and maintain the static fluid level in the well to at least 300 feet below the ground surface.

FINDINGS

SECTION 1445 INFORMATION DEMAND

1. Respondent, Becca Oil, LLC, is a "person," within the meaning of Section 1401(12) of the Act, 42 U.S.C. § 300f(12).

8. Based on these findings and pursuant to the authority of Section 1445 of the Act, Respondent is required to submit a report of work completed to comply with this Order to the following address within thirty (30) days after the effective date of the Order:

2. At all times relevant to the violation alleged herein, Respondent operated an injection well located in the Northwest Quarter of Section 04, Township 21 North, Range 7 East, Boston Field, Osage County, Oklahoma, designated as Well Number 1 and EPA Inventory Number OS3590 ("the well").

U.S. EPA, Region 6  
1445 Ross Avenue, Suite 1200

NOTICE OF OPPORTUNITY TO REQUEST A  
HEARING

3. Respondent is subject to underground injection control ("UIC") program requirements set forth at 40 C.F.R. Part 147, Subpart GGG, which are authorized under Section 1421 of the Act, 42 U.S.C. § 300h.

9. Respondent may request a hearing to contest the issuance of this Section 1423(c) Compliance Order, pursuant to Section 1423(c)(3)(A) of the Act, 42 U.S.C. § 300h-2(c)(3)(A). Respondent should submit the hearing request to the Regional Hearing Clerk (6RC-D); U.S. EPA, Region 6; 1445 Ross Avenue, Suite 1200; Dallas, Texas 75202 within thirty (30) days of the date of receipt of this Order.

4. EPA regulations require the operator of an "injection well," as defined at 40 C.F.R. § 147.2902, to maintain its injection wells in a manner that prevents movement of contaminants through the well bore into underground sources of drinking water ("USDWs"), pursuant to 40 C.F.R. § 147.2903(b).

10. A request for hearing should be included in any response to this Order. Respondent must file a response in order to preserve the right to a hearing or to pursue other relief.

5. Inspections conducted by representatives of the Osage Nation on June 14, 2011, February 29, 2012, and August 9, 2012, show the static fluid level in the well to be above the base of the USDWs. This indicates that fluids containing contaminants could move through the well into USDWs.

11. Should a hearing be requested, members of the public who commented on the issuance of this Order during the public comment period would have a right to be heard and present evidence at a hearing under Section 1423(c)(3)(C) of the Act, 42 U.S.C. § 300h-2(c)(3)(C).

6. Therefore, Respondent violated the regulations set forth at 40 C.F.R. § 147.2903(b) by maintaining the well in a manner which could allow contaminants to move through the well bore into USDWs.

### GENERAL PROVISIONS

12. Respondent may seek federal judicial review of the Order pursuant to Chapter 7 of the Administrative Procedure Act, 5 U.S.C. §§ 701-706. Section 706, which is set forth at <http://uscode.house.gov/download/pls/05C7.txt>, provides the scope of such review.

13. This Section 1423(c) Compliance Order and the Section 1445 Information Demand do not constitute a waiver, suspension, or modification of the requirements of 40 C.F.R. Part 147, Subpart GGG, which remain in full force and effect.

14. Issuance of this Section 1423(c) Compliance Order and the Section 1445 Information Demand is not an election by EPA to forego any civil or criminal action otherwise authorized under the Act.

15. Violation of the terms of this Section 1423(c) Compliance Order after its effective date or date of final judgment as described in Section 1423(c)(6) of the Act, 42 U.S.C. § 300h-2(c)(6), may subject Respondent to further enforcement action, including a civil action for enforcement of this Order under Section 1423(b) of the Act, 42 U.S.C. § 300h-2(b), and civil and criminal penalties for violations of the compliance terms of this Order under Section 1423(b)(1) and (2) of the Act, 42 U.S.C. § 300h-2(b)(1) and (2).

### SETTLEMENT

16. EPA encourages all parties against whom an administrative order is proposed to pursue the possibility of settlement through informal meetings with EPA. Regardless of whether a formal hearing is requested, Respondent may confer informally with EPA about the alleged violations. Respondent may wish to appear at any informal conference or formal hearing personally, by counsel or other representative, or both. To request an informal conference on the matters described in this Order, please contact Mr. David Aguinaga, of my staff, at (214) 665-6439.

17. If this action is settled without a formal hearing, it will be concluded by issuance of a Final Order.

### EFFECTIVE DATE

18. This Order becomes effective thirty (30) days after issuance unless an appeal is taken pursuant to Section 1423(c)(6) of the Act, 42 U.S.C. § 300h-2(c)(6).
