CONSENT AGREEMENT AND FINAL ORDER

The Director of the Compliance Assurance and Enforcement Division of the United States Environmental Protection Agency ("EPA"), Region 6 ("Complainant") and United States Department of Agriculture ("Respondent") in the above-referenced proceeding, hereby agree to resolve this matter through the issuance of this Consent Agreement and Final Order ("CAFO").

I. PRELIMINARY STATEMENT

1. This proceeding for the assessment of civil penalties is brought by EPA pursuant to sections 113(a)(3) and 113(d)(1)(B) of the Clean Air Act, as amended ("Act" or "CAA"), 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), and is simultaneously commenced and concluded through the issuance of this CAFO pursuant to 40 C.F.R. §§ 22.13(b), and 22.34.

2. For purposes of this proceeding, Respondent admits the jurisdictional allegations contained herein; however Respondent neither admits nor denies the specific factual allegations contained in this CAFO.

3. Respondent explicitly waives any right to contest the allegations and its right to appeal the proposed Final Order set forth herein and request a conference with the Administrator pursuant to 40 C.F.R. Section 22.33(e), and waives all defenses which have been raised or could have been raised to the claims set forth in this CAFO.

4. Compliance with all the terms and conditions of this CAFO shall resolve only those violations which are set forth herein.

5. Respondent consents to the issuance of this CAFO and to the assessment and payment of the stated civil penalty in the amount and by the method set forth in this CAFO.

6. Respondent certifies to EPA by its signature herein that a decision was made to build a new delivery system for hydrochloric acid. The new delivery system, designed by a qualified engineer, will be housed inside an acid-resistant utility building. To continue operation, the following interim safety measures have been implemented: all acid pumps, fittings and valves have been replaced; a fire hose has been connected; and the existing delivery system is inspected and maintained on a weekly basis.

II. ALLEGATIONS

7. Respondent is a federal facility in the State of Texas.

8. Respondent owns and operates the Animal and Plant Health Inspection Service's Plant Protection Quarantine Facility at 22675 North Moorefield Road, Edinburg, Texas 78451 ("Facility").

9. The Respondent processes, handles, or stores hydrochloric acid, which is an extremely hazardous substance.

10. On September 14, 2012, there was an incident at the Facility involving the release of approximately 50 gallons of hydrochloric acid (35 %).

11. According to the incident report, the connector from the hydrochloric acid tote shut-off valve failed, resulting in the release of acid into a spill containment pallet.

12. Pursuant to section 112(r)(1) of the CAA, 42 U.S.C. § 7412(r)(1), an owner/operator of a stationary source producing, processing, handling or storing substances listed pursuant to section 112(r)(3) of the CAA, 42 U.S.C. § 7412(r)(3), or any other extremely hazardous substance, has a general duty to: (1) identify hazards which may result from accidental releases of such substances using appropriate hazard assessment techniques; (2) design and maintain a safe facility, taking such steps as are necessary to prevent releases; and (3) minimize the consequences of accidental releases that do occur.

13. Respondent is a “person” as that term is defined by section 302(e) of the CAA, 42 U.S.C. § 7602(e).

14. The Facility is a “stationary source” as that term is defined by section 112(r)(2)(C) of the CAA, 42 U.S.C. § 7412(r)(2)(C).

15. Respondent is the “owner or operator” as those terms are defined by section 112(a)(9) of the CAA, 42 U.S.C. § 7412(a)(9), of a stationary source.

16. At the Facility, Respondent processes, handles, or stores substances listed in, or pursuant to, CAA § 112(r)(3) or other extremely hazardous substances identified as such due to toxicity, reactivity, flammability, volatility, or corrosivity.

17. The release of hydrochloric acid at the Facility on September 14, 2012, constituted an “accidental release” as that term is defined by section 112(r)(2)(A) of the CAA, 42 U.S.C. § 7412(r)(2)(A).

18. Respondent failed to maintain a safe facility by not preventing an accidental release at the Facility for at least a one day violation of the general duty clause of section 112(r)(1) of the CAA, 42 U.S.C. §7412(r)(1).

19. Respondent is therefore subject to the assessment of penalties pursuant to sections 113(a)(3) and 113(d)(1)(B) of the CAA, 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B).

III. TERMS OF SETTLEMENT

A. CIVIL PENALTY

20. Pursuant to the authority granted in sections 113(a)(3) and 113(d)(1)(B) of the CAA, 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), and taking into consideration the size of the Respondent's facility, the economic impact of the penalty on the Respondent's business, the Respondent's full compliance history and good faith efforts to comply, the duration of the violation, payment by Respondent of penalties previously assessed for the same violation (if any), the economic benefit of noncompliance, and the seriousness of the violation, as well as other factors which justice may require, EPA and Respondent agree that an appropriate penalty to settle this matter is \$30,000.

21. Respondent shall pay the assessed penalty within thirty (30) days of the effective date of this CAFO. Respondent shall pay the assessed civil penalty by company, certified check, cashier's check, or wire transfer, made payable to "Treasurer, United States of America, EPA – Region 6." Interest on the civil penalty assessed in this CAFO will begin to accrue thirty (30) days after the effective date of the CAFO and will be recovered by EPA on any amount of the civil penalty that is not paid by the due date. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a). Moreover, the costs of the Agency's administrative handling of overdue debts will be charged and assessed monthly throughout the period the debt is overdue. *See* 40 C.F.R. § 13.11(b).

EPA will also assess a \$15.00 administrative handling charge for administrative costs on unpaid penalties for the first thirty (30) day period after the payment is due and an additional \$15.00 for each subsequent thirty (30) day period that the penalty remains unpaid. In addition, a penalty charge of up to six percent per year will be assessed monthly on any portion of the debt which remains delinquent more than ninety (90) days. *See* 40 C.F.R. § 13.11(c). Should a penalty charge on the debt be required, it shall accrue from the first day payment is delinquent. *See* 31 C.F.R. § 901.9(d). Other penalties for failure to make a payment may also apply.

27. Furthermore, nothing in this CAFO shall be construed to prevent or limit EPA's civil and criminal authorities, or that of other Federal, State, or local agencies or departments to obtain penalties or injunctive relief under other Federal, State, or local laws or regulations.

28. In any subsequent administrative proceeding initiated by the Complainant or the United States for injunctive relief, civil penalties, or other appropriate relating to the Facility, Respondent shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the
