Subject: Construction of Tornillo Arsenic Treatment Facility in the Township of
Tornillo, El Paso County, Texas

The 30-day comment period for the environmental assessment concerning the proposed funding assistance for the Tornillo Arsenic Treatment Facility expired on February 18, 2014. No comments were received that would alter the preliminary finding. Please notify the Border Environment Cooperation Commission that the Finding of No Significant Impact is final and that the proposed projects are cleared under the National Environmental Policy Act to continue the funding process.

Please remind the applicant that any recommendation from other resource agencies must be observed and that contractors are to be made aware of and follow the recommendations. A copy of this transmittal will be entered into the administrative record for this project.
