Re: Cease and Desist Administrative Order, Docket Number: CWA-06-2013-1798;
Facility Number: TXU010982

Dear Mr. Marron:

Enclosed is an Administrative Order (AO) issued to Beckville Disposal Operations, LLC, for violation of the Clean Water Act (CWA) (33 U.S.C. § 1251 *et seq.*). The violation was identified during an inspection of your oil field waste management company's facility, conducted by the Environmental Protection Agency (EPA) on March 28, 2013. The violation alleged is for the unauthorized discharge of a pollutant, specifically oil field brine and produced wastewater, to waters of the United States.

Effective upon receipt of this AO, you shall immediately cease and desist all discharges of pollutants into the identified tributary of Rabbit Creek, and comply with all provisions set forth in the enclosed AO. The AO also requires responses to certain information demands. The EPA is committed to ensuring compliance with the requirements of the CWA, and my staff will assist you in any way possible.

If you have any questions, please contact Jack Arias, Ph.D., of my staff, at (214) 665-8164.

Sincerely,

A handwritten signature in black ink, appearing to read "John Blevins".

U.S. ENVIRONMENTAL PROTECTION AGENCY - REGION 6
FINDINGS OF VIOLATION AND COMPLIANCE ORDER AND INFORMATION DEMAND

In the Matter of Beckville Disposal Operations, LLC (Respondent)

Docket No. CWA-06-2013-1798; Facility Number TXU010982

STATUTORY AUTHORITY

The following findings are made and Order issued under the authority vested in the Administrator of the United States Environmental Protection Agency ("EPA"), by Sections 308 and 309(a) of the Clean Water Act ("the Act"), 33 U.S.C. §§ 1318 and 1319(a). The Administrator has delegated the authority to issue this Order to the Regional Administrator of EPA Region 6 who further delegated such authority to the Director of the Compliance Assurance and Enforcement Division.

FINDINGS

1. Respondent, Beckville Disposal Operations, LLC, is a "person," as defined by Section 502(5) of the Act, 33 U.S.C. § 1362(5).

2. At all times relevant to the violation alleged herein ("relevant time period"), Respondent owned and operated an oil field waste management company known as Beckville Disposal Operations, LLC, located in Kilgore, Greg County, Texas ("facility"), designated as Facility Number TXU010982.

3. On March 28, 2013, an EPA inspector observed that pollutants, specifically oil field brine and produced wastewater generated from oil production activities, had been discharged from the facility to "waters of the United States," as that term is defined by 40 C.F.R. § 122.2. Pollutants were discharged to a tributary of Rabbit Creek, which is considered a "water of the United States." The inspector determined that the water located at the discharge point of entry into the tributary of Rabbit Creek (N32.373316° and W94.894796°) was contaminated from brine discharges and measured between 7,500 and 54,300 parts-per-million total soluble salts.

4. Pumps, pipes, hoses, flow lines, production wells, and associated devices located at the facility acted as "point sources," as defined by Section 502(14) of the Act, 33 U.S.C. § 1362(14).

5. At no time during the relevant time period did Respondent have National Pollutant Discharge Elimination System permit coverage under the Act which authorized the discharge of a pollutant from the facility to waters of the United States.

6. During the relevant time period, it was unlawful under Section 301(a) of the Act, 33 U.S.C. § 1311(a), for any person to discharge a pollutant from a point source to waters of the United States without a permit issued under Section 402 of the Act, 33 U.S.C. § 1342.

7. On or about March 28, 2013, the facility discharged or caused the discharge of pollutants from point sources within the facility to waters of the United States without permit coverage under the Act, in violation of Section 301(a) of the Act, 33 U.S.C. § 1311(a).

SECTION 309(a)(3) COMPLIANCE ORDER

Based on these findings and pursuant to the authority of Section 309(a)(3) of the Act, 33 U.S.C. § 1319(a)(3), EPA orders that Respondent take the following actions immediately upon receipt of this Order:

- a. Cease all discharges of pollutants from the facility;
- b. remove all brine from the flow path located between the facility and the identified tributary of Rabbit Creek; and
- c. remove all brine from the tributary of Rabbit Creek.

SECTION 308 INFORMATION DEMAND

Based on the foregoing Findings and pursuant to the authority of Section 308 of the Act, 33 U.S.C. § 1318, Respondent is required to do the following:

- a. Within thirty (30) days of the effective date of this Order, Respondent shall provide a written certification that the requirements of this Order have been properly satisfied. This certification shall include photographs, manifests, and/or receipts as necessary to document actions taken.
- b. Within thirty (30) days of the effective date of this Order, Respondent shall develop and submit to EPA a Pollution Prevention Plan to prevent similar occurrences.

All correspondence should be addressed to:

GENERAL PROVISIONS

Respondent may seek federal judicial review of the Order pursuant to Chapter 7 of the Administrative Procedure Act, 5 U.S.C. §§ 701-706. Section 706, which is set forth at <http://uscode.house.gov/download/pls/05C7.txt>, states the scope of such review.

Issuance of this Section 309(a)(3) Compliance Order and the Section 308 Information Demand shall not be deemed an election by EPA to waive any administrative, judicial, civil, or criminal action to seek penalties, fines, or other relief under the Act for the violation alleged herein or other violations which may become known to EPA. EPA reserves the right to seek any remedy available under the law which it deems appropriate.

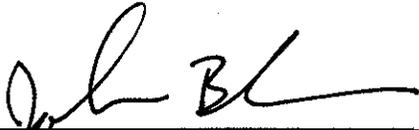

Failure to comply with this Section 309(a)(3) Compliance Order, Section 308 Information Demand, or the Act may result in the initiation of an administrative penalty action by EPA or a civil judicial penalty action by the U.S. Department of Justice.

Compliance with this Order does not relieve Respondent of its obligation to comply with all applicable federal, state, and local laws.

The effective date of this Order is the date it is received by the Respondent.
