**RE: Final – Authority to Construct/Certificate of Conformity (Minor Mod)**  
**Facility Number: S-1234**  
**Project Number: S-1144430**

Dear Mr. Gollihar:

The Air Pollution Control Officer has issued the Authority to Construct permits to Taft Production Company for increasing material throughput limits for permits S-1234-13, '20 and '21. Also, the permits' annual PM10 emissions will be limited via a specific limiting condition (SLC), at 950 Petroleum Club Road in Taft.

Enclosed are the Authority to Construct permits. The District's analysis of the proposal was sent to US EPA Region IX on 7/7/15. No comments were received following the District's preliminary decision on this project.

Prior to operating with the modifications authorized by the Authority to Construct, you must submit an application to modify the Title V permit as an administrative amendment in accordance with District Rule 2520, Section 11.5. Application forms have been enclosed for your use. These forms may also be found on the District's website at [www.valleyair.org](http://www.valleyair.org).

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Leonard Scandura at (661) 392-5500.

Sincerely,

Arnaud Marjollet  
Director of Permit Services
