## NOTICE OF PROPOSED TITLE V RENEWAL PERMIT

The South Coast Air Quality Management District (AQMD) is proposing to renew the existing Title V permit that was previously issued to the following facility:

### **Engineered Polymer Solutions, Inc.**

5501 East Slauson Avenue  
Los Angeles, CA 90040  
Facility ID# 074060

#### *Contact Person:*

Edgar Herrera  
EHS Manager  
5523 East Slauson Avenue  
Los Angeles, CA 90040

This is an existing facility applying for a Title V permit renewal that is engaged in the manufacturing of resins including latex, alkyd and urethane, and their derived paint and coating products for industrial use. This facility operates four resin reaction systems, storage tanks and a boiler. Emissions from the facility include VOCs from the solvent usage, particulate matters due to the use of pigment powders, and combustion pollutants generated by the boiler and process heaters. The VOC emissions from the facility are being controlled by an afterburner and/or a carbon adsorption system.

Pursuant to Title V of the federal Clean Air Act and AQMD Rule 3004(f), a Title V permit shall expire five years from the date of issuance unless such permit has been renewed. Accordingly, the above facility has submitted a Title V renewal application and requested the AQMD to renew their Title V permit. The proposed permit incorporates updates to the facility information provided in the facility's Title V renewal application and all rules and regulations that are currently applicable to the facility.

The proposed permit is available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA 91765 and at Commerce Public Library, 5655 Jillson St., Commerce, CA 90040. Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. For more information or to review additional supporting documents, call the AQMD's Title V hotline at (909) 396-3013. Written comments should be submitted to:

South Coast Air Quality Management District  
Chemical/Mechanical Operations Team  
21865 Copley Dr., Diamond Bar, CA 91765  
Attention: Stephen Jiang

Comments must be received by June 9, 2014. The AQMD will consider all public comments and may revise the Title V permit in accordance with AQMD rules and regulations.

The public may request AQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Stephen Jiang at the above AQMD address. The AQMD will hold a public hearing if there is evidence that the proposed permit is not correct or is not adequate to ensure compliance with regulatory requirements, and a hearing will likely provide additional information that will affect the drafting and/or issuance of the permit. A public hearing request form and the public hearing schedule may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or from the internet at <http://www.aqmd.gov/titlev>. The request for a public hearing is due by May 22, 2014. A copy of the hearing request must also be sent by first class mail to the appropriate facility contact person listed above.
