Mr. Gerardo C. Rios
Chief, Permits Office
U. S. EPA, Region IX
75 Hawthorne Street
San Francisco, CA 94105-3901

Dear Mr. Rios:

Subject: All American Asphalt (I.D. 003704) Title V Permit Revision

All American Asphalt (I.D. 003704) has proposed to revise their Title V under A/N's 471281, 477012 and 545708 by adding two baghouses (A/N's 471277 and 471279), modifying the recycled asphalt pavement system (A/N 471278), modifying the rock crushing, screening and stacking plant (A/N 477008) and modifying the aggregate receiving and storage system (A/N 545706). This is a hot mix asphalt production facility located at 1776 All American Way, Corona, Ca 92878. This proposed permit revision is considered as a "de minimis permit revision" to their Title V permit. Enclosed for your review are the permit evaluation and the proposed permit. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period begins on February 20, 2013.

If you have any questions or need additional information regarding the proposed permit revision, please call Manuel Quizon at (909) 396-2639.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brian L. Yeh', is written over a horizontal line.
