Re: Notice of Proposed Decision – Significant Title V Permit Modification F-01059-11

Dear Mr. Rios:

Enclosed for your review and comment are the District's proposed Title V operating permit F-01059-11, Permit Evaluation/Statement Basis Addendum and Authority to Construct (ATC) for Recology Hay Road, operating at 6426 Hay Road in Vacaville, California.

This notification is given in accordance with District Rule 3.8 (Federal Operating Permits), Section 409.1 for a significant Title V permit modification. The proposed revisions are necessary due to the pending issuance of ATC C-13-02, which proposes adjusting the operating conditions of the municipal solid waste landfill's enclosed flare and increasing the quarterly and annual throughput limits for municipal solid waste received, and ATC C-13-66, which proposes installation of a propane fired engine powering a limited use generator providing power for a truck tipper.

ATC applications C-13-02 and C-13-66 have been processed in accordance with the Enhanced New Source Review requirements of District Rule 3.4, Section 404. Section 404.3 of District Rule 3.8, requires that upon the implementation of ATC C-13-02 into Permit to Operate P-85-06(a5) and ATC C-13-66 into Permit to Operate P-33-13, Recology Hay Road request, in writing, that the District amend the Title V operating permit to incorporate the proposed modifications.

The notice of preliminary decision for this project will be published in The Reporter newspaper approximately three days from the date of this letter. Please submit your written comments on this project within the 45-day comment period which begins on the date the proposed documents are received by your agency. The District respectfully requests notification of the date the enclosed documents are received.

If you have any questions on this matter, please contact Kyle Rohlfing at (530) 757-3672 or toll-free in the (530), (916), and (707) area codes at (800) 287-3650.

Sincerely,

Frank DeMaris  
Supervising Air Quality Engineer
