**Re: Administrative Amendment to Title V Operating Permit
District Facility # S-1234
Project # 1114726**

Dear Mr. Gollihar:

In accordance with District Rule 2520, Federally Mandated Operating Permits, the District reviewed the Taft Production Company application and has administratively amended the requirements for their Title V operating permit. This administrative amendment incorporates the requirements of ATCs S-1234-3-5 and '-26-0, which were issued with Certificate of Conformity after EPA review into the Title V permit for this facility. The change is to designate dryer S-1234-3 as a Dormant Emissions Unit (DEU) and remove conveying equipment listed on S-1234-3 to new permit unit S-1234-26. This amended Title V permit is being sent to you as a final action.

Your cooperation in this matter was appreciated. Should you have any questions, please contact Mr. Leonard Scandura at (661) 392-5500.

Sincerely,

David Warner
Director of Permit Services
