RE: TEP-Irvington, Permit # 1052

Dear Mr. Chew:

Enclosed are the final permit and technical support documents for the TEP – Irvington Facility in Tucson, AZ. This final permit is a result of a significant revision to the permit adding mercury monitoring conditions required by a Consent Order that was signed between ADEQ and TEP – Irvington on February 18, 2009. An addendum to the Technical Support Document is attached at the end of the TSD. The permit is being submitted to EPA pursuant to PCC 17.12.200.A.3. Notification was given to EPA on June 19, 2009 and a copy of the application and the Consent order were e-mailed on May 17, 2010.

Pima County Department of Environmental Quality would like to take this opportunity to thank you for all the help your agency has provided us during the drafting and reviewing stage of this permit.

Please call me at (520) 243-7400 if you have questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Mukonde Chama".
