**Re: Administrative Amendment to Title V Operating Permit
District Facility # N-1787
Project # 1102474**

Dear Mr. Feebeck:

In accordance with District Rule 2520, Federally Mandated Operating Permits, the District reviewed the OLAM application and has administratively amended the requirements for their Title V operating permit. This administrative amendment incorporates the requirements of ATC # N-1787-12-4, which was issued with Certificate of Conformity after EPA review into the Title V permit for this facility. The change is to add a gravity separator and associated equipment to the dry parsley processing operation. This amended Title V permit is being sent to you as a final action.

Your cooperation in this matter was appreciated. Should you have any questions, please contact Mr. Jim Swaney at (559) 230-5900.

Sincerely,

David Warner
Director of Permit Services

PERMIT UNIT: N-1787-12-4

EXPIRATION DATE: 07/31/2014

EQUIPMENT DESCRIPTION:

DRY PARSLEY PROCESSING OPERATION CONSISTING OF: PNEUMATIC CONVEYING SYSTEM; THE PARSLEY STEM/LEAF SEPARATOR SYSTEM; AND THE GRAVITY SEPARATION SYSTEM

PERMIT UNIT REQUIREMENTS

1. The pneumatic conveying system consists of 2 brush reels, an aspirator, parsley hopper and associated pneumatic conveying equipment. This system is vented to a MAC model 36FRB7 dust collector. [District Rule 2201] Federally Enforceable Through Title V Permit
2. The parsley stem/leaf separator system consists of 6 Accordant rotary separators and 8 conveyor transfer points with dust collection hoods vented to a Torit 32-60 cyclone. [District Rule 2201] Federally Enforceable Through Title V Permit
3. The gravity separation system consists of six Oliver destoners each with a dust collection hood, 2 feed shakers, associated conveyor transfer pickup hoods vented to a 60" high efficiency cyclone. [District Rule 2201] Federally Enforceable Through Title V Permit
4. The MAC dust collector shall be equipped with a pressure differential gauge to indicate the pressure drop across the filters. The gauge shall be maintained in good working condition at all times and shall be located in an easily accessible location. [District Rule 2201] Federally Enforceable Through Title V Permit
5. A spare bag shall be kept at the premises for the MAC dust collector. [District Rule 2201] Federally Enforceable Through Title V Permit
6. Material removed from the dust collectors shall be disposed of in a manner preventing entrainment into the atmosphere. [District Rule 2201] Federally Enforceable Through Title V Permit
7. The cleaning frequency and duration of each dust collector shall be adjusted to optimize the control efficiency. [District Rule 2201] Federally Enforceable Through Title V Permit
8. Particulate matter emissions shall not exceed 0.1 grains/dscf in concentration. [District Rule 4201] Federally Enforceable Through Title V Permit
9. Visible emissions from the exhaust of the Mac dust collector serving the pneumatic conveying system shall not equal or exceed 5% opacity for a period or periods aggregating more than three minutes in any one hour. [District Rule 4101] Federally Enforceable Through Title V Permit
10. The quantity of material processed shall not exceed 42 tons during any one day, [District Rule 2201] Federally Enforceable Through Title V Permit
11. The PM10 emissions shall not exceed 0.179 pounds per ton of material processed from the pneumatic conveying system served by the MAC dust collector. [District Rule 2201] Federally Enforceable Through Title V Permit
12. The PM10 emissions shall not exceed 0.003 pounds per ton of material processed from the parsley stem/leaf separation system served by Torit cyclone. [District Rule 2201] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE
These terms and conditions are part of the Facility-wide Permit to Operate.

13. The PM10 emissions shall not exceed 0.024 pounds per ton of material processed from the gravity table and dust hoods system served by the 42" high efficiency cyclone. [District Rule 2201] Federally Enforceable Through Title V Permit
14. A daily log shall be maintained on the premises indicating the amount of material processed. [District Rule 2201] Federally Enforceable Through Title V Permit
15. All records shall be retained for a minimum of five years, and shall be made available for District inspection upon request. [District Rule 1070 and 2520, 9.4.2] Federally Enforceable Through Title V Permit
16. The MAC dust collector's pressure drop shall be observed and recorded monthly during operation of this unit. [District Rule 2520, 9.3.2] Federally Enforceable Through Title V Permit
17. Visible emissions shall be inspected quarterly during operation. If visible emissions are observed, corrective action shall be taken to eliminate visible emissions. If visible emissions cannot be corrected within 24 hours, a visible emissions test using EPA Method 9 shall be conducted. [District Rule 2520, 9.3.2] Federally Enforceable Through Title V Permit
18. Dust collection system shall be completely inspected annually while in operation for evidence of particulate matter leaks and repaired as needed. [District Rule 2520, 9.3.2] Federally Enforceable Through Title V Permit
19. Dust collector filters shall be thoroughly inspected annually for tears, scuffs, abrasions, holes, or any evidence of particulate matter leaks and shall be replaced as needed. [District Rule 2520, 9.3.2] Federally Enforceable Through Title V Permit
20. Records of dust collector maintenance, inspections, and repair shall be maintained. The records shall include identification of the equipment, date of inspection, corrective action taken, and identification of the individual performing the inspection. [District Rule 2520, 9.3.2] Federally Enforceable Through Title V Permit
21. Particulate matter emissions shall not exceed the hourly rate as calculated in District Rule 4202 (amended 12/17/1992) using the equation $E=3.59 \times P^{0.62}$ if P is less than or equal to 30 tons per hour, or $E=17.31 \times P^{0.16}$ if P is greater than 30 tons per hour. [District Rule 4202] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.
