**Subject: Proposed Title V Permit for the ConocoPhillips Carson Refinery**

Dear Mr. Rios:

The South Coast Air Quality Management District (AQMD) has completed its review of the application for the initial TV permit from the ConocoPhillips Carson Refinery. Enclosed for your 45-day review are the proposed Title V facility permit, the permit application, the Statement of Basis, and the public notices in English and Spanish. AQMD will research EPA's website at a later date to determine the date of completion of EPA's 45-day review period.

AQMD intends to publish a 60-day public notice on or about June 6, 2008, and will make the proposed initial permit available for public review in accordance with Rule 3006.

As agreed with your staff, we are submitting the following electronic files to the email address [R9AirPermits\\_SC@epa.gov](mailto:R9AirPermits_SC@epa.gov):

- Proposed Title V Permit
- Statement of Basis
- Public Notices (1 English and 1 Spanish)

However, due to the large size of the file for the Initial Title V Permit Application that we need to submit for your review, we will send a compact disc containing this file under separate cover by Federal Express.

Please let us know if you have problems receiving the above referenced documents, or if you would like hard copies of any of the documents.

If you have any questions or need additional information concerning the proposed Title V package, please contact Mr. Andrew Chew at (909) 396-2493 ([achew@aqmd.gov](mailto:achew@aqmd.gov)) or Bhaskar Chandan at (909) 396-3902 ([bchandan@aqmd.gov](mailto:bchandan@aqmd.gov)).

Sincerely,

A handwritten signature in black ink, appearing to read "Jay Chen".
