February 22, 2013

Mr. Gerardo Rios  
Chief – Permits Office  
U.S. EPA, Region IX  
75 Hawthorne Street, Air 3  
San Francisco, CA 94105

Dear Mr. Rios:

Enclosed is a proposed Title V permit, along with the facility's permit application, permit summary and public notice for Silver Creek Industries, Inc. (ID 173108). With your receipt of the proposed permit today, we will note that the EPA 45-day review period will begin on February 22, 2013.

The South Coast Air Quality Management District (SCAQMD) has received eight applications for Permits to Construct from Silver Creek Industries, Inc. (ID 173108) for the relocation of the equipment described in the enclosed notice. Pursuant to SCAQMD Rule 212 - Standards for Approving Permits, subdivision (g), new or modified sources exceeding any of the specified daily maximums are subject to the public notification and comment provisions of 40 CFR Part 51, Section 51.161(b), and 40 CFR Part 124, Section 124.10. In addition, pursuant to SCAQMD Rule 3006, Public Participation, a public notice is required prior to the issuance of an initial Title V permit. The public notice requirements for Rule 212 and Rule 3006 have been combined into one notice to be conducted simultaneously.

The SCAQMD has evaluated these applications and made a preliminary determination that the equipment will operate in compliance with all of the applicable requirements of our Rules and Regulations. Therefore, the SCAQMD is proposing to issue permits to Silver Creek Industries, Inc. for the equipment described in the enclosed notice.

Please find enclosed a public notice for Silver Creek Industries, Inc. issued in accordance with Rule 212(g) and 3006(a). The public notice provides for a 30-day comment period (which ends March 29, 2013) prior to making a final decision on the issuance of the permits, and is also being published in a newspaper of general circulation in the vicinity of this facility. This notice is being distributed to each address within a ¼ mile radius of the property line of the facility. This notice is also being sent to the California Air Resources Board, the Southern California Association of Governments, the County of Riverside, the City of Perris, and the State and Federal Land Managers.

If you have any questions or wish to provide comments regarding this project, please call Mr. Hamed Mandilawi at (909) 396-3275.

Very truly yours,

Brian Yeh  
Senior Manager  
Coating, Printing, Plating, Military &  
Entertainment Operations
