Dear Mr. Rios:

American Security Products, Inc. (I.D. 059237) has proposed to revise their Title V permit by installing a new abrasive blasting room and a dust collector, replacing an air make-up unit burner on one existing spray booth, and installing an air make-up unit on each of three other existing spray booths. This is a metal security safe manufacturing facility (SIC 3499) located at 11925 Pacific Avenue, Fontana, CA 92337. This proposed permit revision as requested under Application Number 564929 is considered as a “deminimis significant permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on August 1, 2014.

If you have any questions or need additional information regarding the proposed permit revision, please call Ed Muehlbacher at (909) 396-2703.

Very truly yours,
