ATTN: ARTHUR L. RIVERA, DIVISION MANAGER

EQUIPMENT ADDRESS: 31 Refuse Road, Redlands, CA 92373

FACILITY ID #: 7068

Background:

This application (A/N 539396) was submitted for Title V permit renewal on June 14, 2012. The initial Title V permit for this facility was issued December 14, 2007, which expired on December 13, 2012.

In addition to the Title V renewal application, applicant has filed several applications, including a CAM application, for modification to the existing landfill condensate/leachate at this site. The following table is a brief summary of the applications filed by the applicant:

Application	Equipment	Requested Modification
546354	Landfill condensate and LCRS collection and storage system	Modification to existing system by installing a 6,700 gallons tank (De Minimis Significant Revision)
540734	CAM	Title V Renewal
360906 P/N F28029	Existing flare	Removal of Condensate tank, 9,200 Gallons (item 6 in equipment description)
352657	Emergency ICE	Equipment has been removed from the site.

These requested modifications will be incorporated into this renewal permit.

Statement of Basis and Public notice for Title V facility permit renewal have been prepared. Title V permit renewal is subject to public notice, therefore, prior to the issuance of the renewed TV permit, the renewed TV permit draft will be sent to EPA for a 45 day review and a 30 day public notice.

Facility is currently in compliance with District's regulations.

Rules Evaluation:

Compliance with applicable Reg. XXX -Title V permits is expected.

Conclusions & Recommendations:

Issue the renewed Title V permit upon completion of 45-day EPA review and 30-day public notice completion.
