Dear Mr. Washington:

Please find attached the revised Title Page, Table of Contents, Section A, Section D, and Section H of your RECLAIM/Title V Facility Permit. This permit reflects the approval of your de minimis significant permit revision requested in your Application No. 486026. The proposed permit revision was submitted to EPA for 45-day review on May 7, 2013. This revision also includes the administrative permit revision for issuing Permits to Operate for equipment that was previously issued Permits to Construct. This permit revision includes the installation of equipment (de minimis significant revision) and moving equipment from Section H to Section D (administrative revision) that is described in the Attachment.

Please review the attached sections carefully. Insert the enclosed sections into your RECLAIM/Title V Facility Permit and discard the earlier versions. Questions concerning changes to your permit should be directed to Mr. Gopinath Shah at (909) 396-2513.

Sincerely,
