Mr. Mark Phair
Vice President and General Manager
Valero Wilmington Asphalt Plant
2402 E. Anaheim St.
Wilmington, CA 90744

Subject: Transmittal of Final Title V Permit (Renewal)

Facility ID	Facility Name	Facility Address
800393	Valero Wilmington Asphalt Plant	1651 Alameda St. Wilmington, CA 90744

Dear Mr. Phair:

Enclosed is the final Title V permit renewal, for the facility listed above, that has been issued by the South Coast Air Quality Management District (AQMD). Effective August 7, 2012, this Title V permit supersedes the current revision of the RECLAIM Facility Permit issued for your facility by the AQMD.

The draft copy of this permit was submitted to the U.S. EPA Region IX (EPA) for a 45-day review period (May 30, 2012 to July 20, 2012) and made available for a 30-day public comment period (June 4, 2012 to July 5, 2012). The AQMD received a comment on the draft permit from the EPA on July 11, 2012. No comment was received from the public. Based on the EPA's comment and additional information obtained from your facility, the final Title V permit has been changed to reflect the following:

- Removal of the emergency internal combustion engine (diesel) listed in Appendix A of the facility permit since it does not exist
- Addition of applicability of 40CFR60 Subpart JJJJ and 40 CFR63 Subpart ZZZZ to the Rule 219 exempt internal combustion engine driven pump (natural gas) listed in Appendix A. Rule citations are abbreviated due to facility permit's system limitation.
- Addition of 40CFR60 Subpart JJJJ and 40 CFR63 Subpart ZZZZ to Section K table

Questions on the subject permit should be directed to Angelita Alfonso, Air Quality Engineer, at (909) 396-2255/aalfonso@aqmd.gov.

Sincerely,

Jay Chen, P.E.
