Dear Mr. Rios:

New Basis (I.D. 040806) has proposed to revise their Title V permit by adding existing three storage silos and a dust collector. This is a fiberglass parts manufacturing facility (SIC 3089) located at 2626 Kansas Avenue, Riverside, CA 92507. The proposed permit revision as requested under Application Number 530315 is considered as a “minor permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on February 14th.

If you have any questions or need additional information regarding the proposed permit revision, please call Ed Muehlbacher at (909) 396-2703.

Very truly yours,
