Mr. Gerardo Rios
Chief – Permits Office
U. S. EPA, Region IX
75 Hawthorne Street, Air 3
San Francisco, CA 94105

Dear Mr. Rios:

Certified Enameling Inc. (I.D. 800380) has proposed to revise their Title V permit by modifying an existing oven (D169, currently D37 in Section D) by replacing the existing 1.5 and 2.5 MMBtu/hr burners with two 2.5 MMBtu/hr Maxon low-NOx burners and adding third zone to the oven with a third 2.5 MMBtu/hr Maxon low-NOx burner; and permitting two previously exempt drying tunnels (D163) to be configured with one 1.6 MMBtu/hr Maxon low-NOx burner and one 2.5 MMBtu/hr Maxon low-NOx burner, respectively.

This is a contract painter of aluminum extrusions (SIC 3479) located at 3342 Emery Street, Los Angeles, CA 90023. This proposed permit revision as requested under Application Number 516899 is considered as a “minor permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on January 12th.

If you have any questions or need additional information regarding the proposed permit revision, please call Ed Muehlbacher at (909) 396-2703.

Very truly yours,

A handwritten signature in black ink, appearing to read "Ed Muehlbacher for".
