Dear Mr. Rios:

Impress USA Inc. (I.D. 124619) has proposed to revise their Title V permit by changing permit conditions for their roll coating line No.3 consisting of a coater, oven, and an afterburner. This is a can manufacturing facility (SIC 3411) located at 693 Barracuda Street, Terminal Island, CA 90731. This proposed permit revision as requested under application No. 492620 is considered as a “minor permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. Also, enclosed are Section K and Appendix B reflecting updates to some of the rules applicable to the facility. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on February 24, 2009.

If you have any questions or need additional information regarding the proposed permit revision, please call Hamed Mandilawi at (909) 396-3275.

Very truly yours,
