Mr. Gerardo Rios  
Chief – Permits Office  
U. S. EPA, Region IX  
75 Hawthorne Street, Air 3  
San Francisco, CA 94105

Dear Mr. Rios:

Honeywell International Inc. (ID 800003) has proposed to revise their Title V permit by adding two braze furnaces, a dip tank and a washcoat system, modifying an air pollution control system carbon adsorber to vent the dip tank and washcoat system, and changing permit conditions on two dip tanks. This is an aerospace component manufacturing and testing facility (SIC 3720) located at 2525 W. 190<sup>th</sup> St., Torrance, CA 90504. This proposed permit revision as requested under Application Number 486026 is considered as a “deminimis significant permit revision” to their Title V permit. Also included in this revision is the administrative revision to change the responsible official in Section A. Attached for your review are the permit evaluations and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on May 2<sup>nd</sup>.

If you have any questions or need additional information regarding the proposed permit revision, please call Stacey Ebiner at (909) 396-2504.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Amir Dejbakhsh", is written over a light blue horizontal line.
