Mr. Gerardo Rios  
U. S. EPA, Region IX  
Mail Stop A-5-2  
75 Hawthorne Street  
San Francisco, California 94105

Dear Mr. Rios:

Proposed Minor Revision to Title V Permit for Equilon Enterprises LLC dba Shell Oil Products US (ID# 117560)

Enclosed for your 45-day review is the proposed revision to the Title V Permit for Equilon Enterprises LLC dba Shell Oil Products US, located at Berths 167-169, Wilmington, CA. This revision is considered a "minor permit revision", and a public notice is not required. We are enclosing the revised permits as shown below and the engineering evaluations.

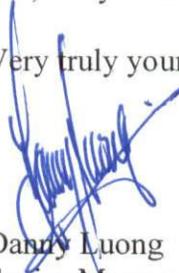

Section D: PERMIT TO OPERATE

Application No.	Equipment	Description
415862	Storage Tank M25	Moving the equipment from Section H to Section D with changes to the equipment description and conditions.
427856	Storage Tank M17	Moving the equipment from Section H to Section D with changes to the equipment description and conditions.
427857	Storage Tank M5	Moving the equipment from Section H to Section D with changes to the equipment description and conditions.
456579	Storage Tank M26	Moving the equipment from Section H to Section D with changes to the equipment description and conditions.
456580	Storage Tank M27	Moving the equipment from Section H to Section D with changes to the equipment description and conditions.

The above mentioned storage tanks were initially reviewed by EPA as Permits to Construct when the initial Title V permit was proposed for this facility on September 26, 2008. In granting final Permits to Operate for these tanks, changes were made warranting another EPA review, though there will be no increase in emissions as a result of these changes.

This request is being made via electronic submittal in order to facilitate your review. If you have any questions or wish to provide comments regarding this project, please contact the processing engineer, Mr. Thomas Liebel, at (909) 396-2554, or by email at [tliebel@aqmd.gov](mailto:tliebel@aqmd.gov).

Very truly yours,

Danny Luong  
Senior Manager  
Refinery and Waste Management Permitting  
Engineering & Compliance
